

BID PROPOSAL

THIS BID IS SUBMITTED TO: _____(TOWN) OR (OWNER)
_____(ADDRESS)
_____(ADDRESS)

FOR THE REMOVAL OF OBD # _____

THE UNDERSIGNED BIDDER PROPOSES AND AGREES AS FOLLOWS:

1. It is responsibility of the prospective bidder to inspect the construction site and examine the plans & specifications to ensure that he/she fully understands the construction requirements. The bid prices must be for a complete and finished project as indicated in the bid documents including any piping, fittings, valves, fill, grading, insulation, site restoration, or other work not directly shown but which can be reasonably inferred by an examination of the site and construction documents to produce a finished product.

2. The Contractor shall maintain in force for the duration of the project Public Liability and Property Damage insurance that shall protect the Contractor from claims and damages arising from operation under this Contract. The minimum amount of coverage shall be as is customary for the work to be performed and shall provide complete indemnification of the Owner for the Contractor's work.

3. It is the responsibility of the Contractor to comply with all laws, regulations, and permit conditions in constructing the project, including safety regulations.

4. The Town or Owner will be the sole judge of the acceptability of the bids, and may reject any and all bids if it is judged to be in the Town's or Owner's best interest. The BASIS OF AWARD for the contracts will be the lowest acceptable bid proposal based on the LUMP SUM PRICE for each individual system. It is the intent to award the contract to the lowest, responsive Bidder. Pump stations indicated on the plans ("REQUIRED" is checked) must be included in the LUMP SUM PRICE. If the need for a pump station is not clear on the plans, ("MAY BE REQUIRED" is checked), the LUMP SUM PRICE shall include a price for the complete system without a pump station. Also for this situation, a price to add the pump station must be shown separately in case it is found to be needed.

5. The Contractor shall ensure the proper removal and abandonment of the former OBD system. Specifications for proper abandonment of OBD Systems can be found in Maine DEP Rule 06-096 CMR 596(8), supplied in Appendix B of the Maine DEP OBD Removal Grant Program Individual Property Owner Grant Application Package and Project Manual, along with a checklist for Abandonment Certification.

BID PROPOSAL

THE BIDDER WILL COMPLETE THE WORK FOR THE FOLLOWING PRICE(S):

| NAME OF SYSTEM | LUMP SUM PRICE (BASIS of AWARD) (includes price for pump station if "REQUIRED" is indicated on the plans) | ADDITIONAL PUMP STATION COST (extra cost of pump station if "MAY BE REQUIRED" is indicated on the plans) |
|----------------|--|--|
| | | _____ Dollars |
| | | _____ Dollars |
| | | _____ Dollars |

The undersigned agrees, if awarded the Contract, to complete the Work within _____ calendar days after execution of the contract agreement.
