CONSUMER DIRECTED ATTENDANT SERVICES

5/16/95

Last Updated: 05/24/10

12.01 PURPOSE

Effective
9-1-2010

The purpose of this benefit is to provide medically necessary consumer directed attendant services for MaineCare members eighteen years or older and physically disabled.

12.02 DEFINITIONS

12.02-1 Activities of Daily Living (ADLs): For the purpose of determining eligibility, ADLs include only the following:

- (i) **Bed Mobility:** How a member moves to and from lying position, turns side to side, and positions body while in bed;
- (ii) **Transfer:** How a member moves between surfaces to/from: bed, wheelchair, standing position (excluding to/from bath/toilet);
- (iii) **Locomotion:** How a member moves between locations, in room and other areas. If in wheelchair, self-sufficiency once in chair;
- (iv) **Eating:** How a member eats and drinks (regardless of skill);
- (v) **Toilet Use:** How a member uses the toilet room (or commode, bedpan, urinal), transfers on/off toilet, cleanses, changes pad, manages ostomy or catheter, adjusts clothes;
- (vi) **Bathing:** How a member takes full-body bath/shower, sponge bath and transfers in/out of tub/shower (exclude washing of back and hair); and
- (vii) **Dressing:** How a member puts on, fastens, and takes off all items of street clothing, including donning/removing prosthesis.

12.02-2 Assessing Services Agency (ASA) is the contractor selected by the Department of Health and Human Services (DHHS or the Department) to conduct face-to-face assessments and reassessments of consumer eligibility, using the DHHS' Medical Eligibility Determination (MED) form, and the timeframes and definitions within it, to determine medical eligibility for covered services. Based upon a member's assessment outcome scores recorded in the MED form, the ASA is responsible for developing a plan of care that shall specify the covered services and number of hours for services under this Section.

Effective
9-1-2010

12.02-3 Assisted Living Services means the provision of assisted housing services, assisted housing services with the addition of medication administration, or assisted housing services with the addition of medication administration and nursing services; or supported living arrangement certified by DHHS Adult Mental Health Services. Assisted Living Services are provided by an assisted housing program, either directly by the provider or indirectly through contracts with persons, entities, or agencies.

12.02-4 Attendant is an individual who meets the qualifications outlined by the member and Provider Agency. The attendant must be certified by the member pursuant to Section 12.07-3(C) and, under the direction of the member, must competently assist in the fulfillment of the personal assistance service needs identified in the member's authorized plan of care.

12.02 **DEFINITIONS** (cont.)

12.02-4 **Authorized Plan of Care** is a plan that is determined by the ASA or the Department, and that specifies all services to be delivered to a member as allowed under this Section, including the number of hours for any MaineCare covered services under this Section. The authorized plan of care must be based upon the member's assessment outcome scores recorded in the Department's Medical Eligibility Determination (MED) form, its definitions, and the time frames on the MED form. The authorized plan of care must be completed on the Department-approved form and must not exceed services required to provide necessary assistance with activities of daily living, instrumental activities of daily living (IADL) items, and identified health maintenance activities in the MED form. All authorized, covered services provided under this Section must be listed in the care plan summary on the MED form. The authorized plan of care must reflect the needs identified by the assessment, giving consideration to the member's living arrangement, informal supports, and services provided by other public or private funding sources to insure non-duplication of services, including Medicare and MaineCare hospice services. If the member receives attendant services under this Section and he/she also receives hospice services, then the provider's responsibility is to inform the hospice provider that attendant services are being provided and the number of hours must be identified as a need on the hospice plan of care.

Effective
9-1-2010

12.02-5 **Care Coordination Services** are those covered services provided by a care coordinator who is employed, or contracted, by the Service Coordination Agency to help the Member access the services in the plan of care as authorized by the Department or its Authorized Agent. The purpose of care coordination services is to assist Members in receiving appropriate, effective and efficient services, which allow them to retain or achieve the maximum amount of independence possible and desired. Care Coordination Services are designed to assist the Member with identifying immediate and long-term needs, so that the Member is offered choices in service delivery based on his/her needs, preferences, and goals. Care Coordination Services assist with locating service providers, overseeing the appropriateness of the plan of care by regularly obtaining Member feedback, and monitoring the Member's health status.

Effective
9-1-2010

12.02-6 **Consumer Directed Attendant Services**, also known as personal care attendant (PCA) services, or attendant services, enable eligible members with disabilities to re-enter or remain in the community and to maximize their independent living opportunity at home. Consumer Directed Attendant Services include assistance with activities of daily living, instrumental activities of daily living, and health maintenance activities. The eligible member hires his/her own attendant, trains the attendant, supervises the provision of covered services, completes the necessary written documentation, and if necessary, terminates services of the attendant. Personal Care Services cannot be provided by a member of the recipient's family. The Department of Health and Human Services or the ASA, consistent with these rules, shall determine medical eligibility for services under this Section, determine all covered services, and provide a plan of care for each new member prior to the start of services as well as all established members.

Effective
9-1-2010

12.02-7 **Covered Services** are those services for which payment may be made by the Department under these rules pursuant to Title XIX and XXI.

Last Updated: 05/24/10

12.02 **DEFINITIONS** (cont.)

12.02-8 **Extensive Assistance** means although the individual performed part of the activity over the last seven (7) days, or twenty-four (24) to forty-eight (48) hours if in a hospital setting, help of the following type(s) was provided:

- Weight-bearing support three (3) or more times, or
- Full staff performance during part (but not all) of the last seven (7) days

12.02-9 **Family Member** is a spouse of the member, the parents or stepparents of a minor child, or a legally responsible relative.

12.02-10 **Health Maintenance Activities** are activities designed to assist the member with activities of daily living and instrumental activities of daily living, and additional activities specified in this definition. These activities are performed by a designated caregiver for a competent self-directing member who would otherwise perform the activities, if he or she were physically able to do so and enable the member to live in his or her home and community. These additional activities include, but are not limited to, catheterization, ostomy care, preparation of food and tube feedings, bowel treatments, administration of medications, care of skin with damaged integrity, occupational and physical therapy activities such as assistance with prescribed exercise regimes.

12.02-11 **Limited Assistance** is a term used to describe an individual's self-care performance in activities of daily living, as determined by the Department's approved assessment process. It means, although the individual was highly involved in the activity over the last seven (7) days, or twenty-four (24) to forty-eight (48) hours if in a hospital setting, help of the following type(s) was required and provided:

- Guided maneuvering of limbs or other non-weight-bearing assistance three (3) or more times, or
- Guided maneuvering of limbs or other non-weight bearing assistance three (3) or more times plus weight-bearing support one or two times.

Effective
9-1-2010

12.02-12 **MeCare** is a computerized long-term care medical eligibility system facilitating the entire medical assessment process, from intake through information dissemination.

12.02-13 **"Medical Eligibility Determination Form" (MED)** means the form, approved by the Department, for medical eligibility determinations and service authorization for the authorized plan of care based upon assessment outcome scores. The definitions, scoring mechanisms and time-frames relating to this form are contained therein and provide the basis for services and the plan of care authorized by the ASA. The care plan summary, contained in the MED form, documents the authorized plan of care and to avoid duplication, services provided by other possible public or private program funding sources. It also includes service category, reason codes, duration, unit code, number of units per month, rate per unit, and total cost per month.

12.02 **DEFINITIONS** (cont.)

12.02-14 **Medical Eligibility Determination Packet** includes a signed release of information, the completed medical eligibility determination form, the eligibility notification, hearing and appeal rights, MECARE-generated care plan that explains benefits of the authorized care plan to the member, transmittal, and contact notes. The service plan and the transmittal must be submitted to the Department by the Service Coordination Agency once skills' training has been completed and the member has hired a personal attendant. Service plans and transmittals that do not meet Department specifications and relevant policy will be returned to the Service Coordination Agency by the Department.

Effective
9-1-2010

Effective
9-1-2010

12.02-15 **One-person Physical Assist** requires one (1) person to provide either weight-bearing or non-weight-bearing assistance for an individual who cannot perform the activity independently over the last seven (7) days, or twenty-four (24) to forty-eight (48) hours if in a hospital setting. This does not include cueing.

Effective
9-1-2010

12.02-16 **Qualified or Eligible Member**, is eighteen years or older with a disability who has functional impairments that interfere with self-care and activities of daily living and meets the medical eligibility criteria in Section 12.03. The member must have the cognitive capacity, as measured on the Medical Eligibility Determination form, to competently direct and manage the attendant on the job to assist and/or perform the self-care and daily ADLS, IADLS, and health maintenance activities. The member must be determined eligible for services under this Section.

Effective
9-1-2010

12.02-17 **Service Coordination Agency** is an organization that has the capacity to provide Care Coordination and Skills Training to eligible Members under this Section, and has met the MaineCare provider enrollment requirements of the Department. In addition to Care Coordination and Skills Training, the Service Coordination Agency is responsible for administrative functions, including but not limited to, maintaining Member records, submitting claims, conducting internal utilization and quality assurance activities, and meeting the reporting requirements of the Department. The Service Coordination Agency must coordinate with the Department's contracted Fiscal Intermediary that will be handling attendant payroll. The Service Coordination Agency providing care coordination services may not be a provider of direct care services.

Effective
9-1-2010

12.02-18 **Self Direct** means the member has management responsibility and directs the provision of attendant services. Specifically, the member hires, discharges, trains, schedules and supervises his/her attendant(s). The member's ability to self-direct must be documented on the Medical Eligibility Determination Form as defined in this Section.

Effective
9-1-2010

12.02-19 **Service Plan** is the document used by the Service Coordination Agency to assist the member to direct his or her attendant to provide services as specified on the authorized plan of care. The service plan must outline the ADL, IADL, and health maintenance activities, the time authorized to complete the tasks, and the frequency of the tasks that will be the basis for the attendant's job description and weekly schedule. The service plan must reflect the total authorized hours available each week for the member to manage and direct the attendant. The hours must not exceed the hours authorized on

the MED form care plan summary and must include only the covered services from Section 12.05. The service plan must not be completed until the MED form is completed, medical eligibility is determined, and the hours of care are authorized by the ASA as allowed under this Section.

12.02-20 **Significant Change** means a major change in the member's status that is not self limiting, affects more than one (1) area of functional or health status, and requires a multi-disciplinary review or revision of the authorized plan of care. A significant change assessment is appropriate if there is a consistent pattern of change, with either two (2) or more areas of improvement or decline that affect member needs.

Effective
9-1-2010

12.02-21 **Skills Training** is a service that provides Members with the information and skills to assist them in carrying out their responsibilities when choosing this self-directed option. All members receiving services under this section are required to receive this service.

Effective
9-1-2010

12.02-22 **Total Dependence** means full staff performance of the activity during the entire last seven (7) day period across all shifts because of the member's complete inability to participate in all aspects of the Activities of Daily Living (ADLs).

12.03 ELIGIBILITY FOR SERVICES

Effective
9-1-2010

12.03-1 Determination of Eligibility

A. Members must meet the financial eligibility criteria as set forth in the MaineCare Eligibility Manual. Some members may have restrictions on the type and amount of services they are eligible to receive. It is the responsibility of the provider to verify a member's eligibility for MaineCare prior to providing services, as described in MaineCare Benefits Manual (MBM) Chapter I;

B. Applicants for services under this Section must meet the eligibility requirements as set forth in this Section and as documented on the Medical Eligibility Determination form. A member meets the medical eligibility requirements if he or she requires a combination of assistance with the required activities of daily living, as defined in Section 12.03-1(D) and as set forth elsewhere in this Section. The clinical judgment of the Department's ASA is the basis of the scores entered on the Medical Eligibility Determination form. The clinical judgment of the Department's ASA is determinative of the scores on the medical eligibility determination assessment;

Effective
9-1-2010

C. The member must have a disability with functional impairments, which interfere with his/her own capacity to provide self-care and daily living skills without assistance. The member's disability must be permanent or chronic in nature as verified by the member's physician.

12.03 ELIGIBILITY FOR SERVICES (cont.)

- D. A registered nurse trained in conducting assessments with the Department's approved MED form must conduct the medical eligibility assessment. The assessor must, as appropriate within the practice of professional nursing judgment, consider documentation, perform observations, and conduct interviews with the applicant/member, family members, direct care staff, the applicant's/member's physicians, and other individuals and document in the record of the assessment all information considered relevant in his or her professional judgment. The following levels of eligibility are determined at assessment:
- Level I A member meets the medical eligibility requirements for Level I if he or she requires at least limited assistance plus a one person physical assist with at least two (2) of the following ADLs: bed mobility, transfer, locomotion, eating, toilet use, dressing, and bathing.
- Level II A member meets the medical eligibility requirements for Level II if he or she requires at least limited assistance and a one person physical assist with at least three (3) of the following ADLs: bed mobility, transfer, locomotion, eating, toilet use, dressing, and bathing.
- Level III A member meets the medical eligibility requirements for Level III if he or she requires at least extensive assistance and a one person physical assist with two (2) of the following five ADLs: bed mobility, transfer, locomotion, eating, or toileting; and limited assistance and a one person physical assist with two (2) of the following additional ADLS: bed mobility, transfer, locomotion, eating, toilet use, dressing, and bathing.
- E. The member must agree to complete initial member instruction and testing within thirty (30) days of completion of the MED form to determine medical eligibility in order to develop and verify that he or she has attained the skills needed to hire, train, schedule, discharge, and supervise attendants and document the provision of personal care services identified in the authorized plan of care. Members who do not complete the course of instruction or do not demonstrate to the Service Coordination Agency that they have attained the skills needed to self direct are not eligible for services under this Section;
- F. The member must not be residing in a hospital, nursing facility, or Intermediate Care Facility for the Mentally Retarded (ICF-MR) as an inpatient;
- G. The member must not reside in an Adult Family Care Home (as defined in MaineCare Benefits Manual, Chapters II and III, Section 2,) or other residential setting including a Private Non-Medical Institution (MBM, Chapters II and III, Section 97), sometimes referred to as a residential care

facility or supported living, regardless of payment source, (i.e. private or MaineCare);

Effective
9-1-2010

- H. The member must not be receiving personal care services under Private Duty Nursing/Personal Care Services, Section 96, or be receiving any In-home Community and Support Services for Elderly and Other Adults, Section 63, or participating in other MaineCare programs where personal care services are a covered service.

Effective
9-1-2010

- I. The member must have the cognitive capacity, as measured on the MED form to be able to “self direct” the attendant. The ASA will assess cognitive capacity as part of each member’s eligibility determination using the MED findings. The Service Coordination Agency will assess cognitive capacity as part of consumer instruction. Minimum MED form scores are:

- (a) decision making skills: a score of 0 or 1;
- (b) making self understood: a score of 0, 1, or 2;
- (c) ability to understand others: a score of 0, 1, or 2;
- (d) self performance of managing finances: a score of 0, 1, or 2; and
- (e) support for managing finances, a score of 0, 1, 2, or 3.

An applicant not meeting the specific scores above during his or her eligibility determination will be presumed not able to self direct and ineligible for benefits under this Section.

Effective
9-1-2010

- J. Applicants who meet these eligibility criteria for personal care attendant services shall:
- i. receive an authorized plan of care based upon the scores, timeframes, findings and covered services recorded in the MED assessment. The covered services to be provided in accordance with the authorized plan of care must not exceed the established limits and must be authorized by the Department or its ASA;
 - ii. The ASA must approve an eligibility period for the Member, based upon the scores, timeframes and needs identified in the MED assessment for the covered services, and the assessor’s clinical judgment. An eligibility period cannot exceed twelve (12) months;
 - iii. The ASA forwards the completed assessment packet to the Service Coordination Agency of the Member’s choice within three (3) business days of the medical eligibility determination and authorization of the plan of care;
 - iv. The Service Coordination Agency must contact the Member within twenty-four (24) hours of receipt of the MED assessment and authorized plan of care. The Service Coordination Agency must implement skills training and coordinate services with the Member

12.03 **ELIGIBILITY FOR SERVICES** (cont.)

as well as monitor service utilization and assure compliance with this policy; and

Effective
9-1-2010

- v. The Service Coordination Agency will complete the service plan and initiate skills instruction within thirty (30) days of the medical eligibility assessment date. The Service Coordination Agency will notify the Department, using the transmittal form approved by the Department, when the Member has successfully completed this requirement and an attendant has been hired. Provision of attendant services can begin only after the Department is notified that the Member has successfully completed this training and the service plan has been received.

12.03-2 Redetermination of Eligibility:

- A. For all Members under this Section, in order for the reimbursement of services to continue uninterrupted beyond the approved medical eligibility period, a reassessment to determine medical eligibility and authorization of services by the ASA is required. MaineCare payment ends with the reassessment date, also known as the medical eligibility end date.

Step #1: The Service Coordination Agency must submit a reassessment request to the ASA. The ASA must complete a reassessment at least five (5) calendar days prior to the end date of the member's current medical eligibility period to establish continued eligibility for MaineCare coverage of attendant Services. If the need for additional consumer skills instruction has been identified by the ASA or the Service Coordination Agency, it will be documented in the Member's service plan.

Step #2: The ASA's findings and scores recorded in the MED form shall be determinative for establishing eligibility for services and the authorized plan of care. The service plan shall not be completed until medical eligibility has been determined and services authorized, as allowed under this Section, in the care plan summary of the MED form.

Step #3: The ASA shall review, face-to-face with the Member at the Member's residence, the medical eligibility for services at least annually based on clinical judgment.

12.04 **AMOUNT AND DURATION OF SERVICES**

Each member is eligible for attendant services, as identified, documented, and authorized on the MED form, within the following limitations as described below and in Chapter III, Section 12.

Effective
9-1-2010

The Department or its ASA, consistent with these rules, determines the plan of care and the number of hours of covered services for each new member prior to the start of services, and for each established member, as his or her scheduled re-assessment comes due. The services

12.04 **AMOUNT AND DURATION OF SERVICES** (cont.)

provided must be reflected in the service plan and based upon the authorized covered services documented in the care plan summary of the MED form.

Effective
9-1-2010

MaineCare coverage of services under this Section is contingent upon eligibility determination prior to service delivery and consistent with these rules. Beginning and end dates of a member's medical eligibility period must correspond to the beginning and end dates for MaineCare coverage for these services.

The ADL Task Time Allowances in the attached Appendix A reflect the time normally allowed to accomplish the listed tasks. The ASA will use these allowances when authorizing a member's authorized plan of care on the care plan summary in the MED form and this plan will be reflected in the service plan. If these times are not sufficient, when considered in light of a member's unique circumstances, as identified and documented by the ASA, the ASA may make an adjustment as long as authorized hours do not exceed the limits established for the member's assessed level of care.

Effective
9-1-2010

Services under this Section will be reduced, terminated, suspended or denied by the Department, the ASA or the Service Coordination Agency if any of the following situations occur:

A. Termination/Denial of Services

1. The member exceeds the applicable Level I, II or III established limits.
2. The member declines these services;
3. A significant change occurs in the member's medical, functional, or cognitive status and the ASA or the Service Coordination Agency determines that appropriate services can no longer be provided under this Section;
4. The ASA or the Service Coordination Agency determines that the health and welfare of the member is endangered should he or she remain at home receiving services under this Section;
5. The Service Coordination Agency documents that the member fails to manage an attendant consistent with requirements of this Section;
6. The member enters a hospital, nursing facility, private non-medical institution, or Intermediate Care Facility for the Mentally Retarded as an inpatient;
7. The member is receiving personal care services under Private Duty Nursing/Personal Care Services, Section 96; Home and Community-Based Benefits, Section 19 and Section 22; In-home Community Support Services for Elderly and Other Adults, Section 63, HBC; or any other section of the MaineCare Benefits Manual where personal care services are a covered service;
8. The member resides in assisted housing, a residential care facility, PNMI or supported living arrangement where personal care services are already provided;

12.04 **AMOUNT AND DURATION OF SERVICES** (cont.)

9. The member is not medically or financially eligible to receive Title XIX or XXI benefits;
10. The Service Coordination Agency documents the member does not comply with the authorized plan of care;
11. The member gives fraudulent information to the Department, ASA or Service Coordination Agency;
12. The Department, ASA, or the Service Coordination Agency documents the member or someone living in or frequently visiting the household harasses, threatens, or endangers the safety of individuals delivering services;
13. The ASA or Service Coordination Agency documents the member is directing the personal attendant to complete tasks not included as covered services in Section 12.05;
14. The member does not meet the eligibility criteria under Section 12.03; or
15. Services have been suspended for more than sixty (60) days. At that time the member's eligibility for these services will be terminated and will require a new assessment by the ASA and determined medically eligible prior to services restarting.

B. Reduction of Services

Based upon the member's most recent MED assessment, the authorized plan of care shall be reduced, according to the clinical judgment of the Department, the ASA, or the Service Coordination Agency and is subject to the limitations and caps of this Section and the approved authorized plan of care.

C. Suspension of Services

Services will be suspended up to sixty (60) days because the member has been admitted to an institution, such as a Hospital, Nursing Facility or ICF-MR, or Private Non-Medical Institution (PNMI).

12.05 **COVERED SERVICES**

Covered services are available for members meeting the eligibility requirements set forth in Section 12.03. All covered services are subject to the limits in this Section. The authorized plan of care shall be based upon the member's assessment outcome scores recorded on the Department's Medical Eligibility Determination form, its definitions, time frames therein, and the task time allowances described in Appendix A.

Members who qualify are eligible for the following services, upon Centers for Medicare and Medicaid Services (CMS) approval:

- A. Care Coordination Services. The provider of these services coordinates and implements the services in the Member's plan of care authorized by the ASA. In addition, the care coordinator performs the following functions:
1. ensures that authorized services are delivered according to the service plan;
 2. provides resources to members to identify available service options and service providers, and answers questions related to the health and care of Members;
 3. documents and takes appropriate action concerning any changes in the general health and welfare of the Member;
 4. instructs the Member in his or her rights and responsibilities, including the obligations under this Section;
 5. assesses the Member/attendant relationship, including whether attendant duties are being performed satisfactorily, whether attendant training is adequate or if additional training is needed;
 6. takes appropriate action, including reporting to the Department, any evidence of public nuisance, substance abuse, harassment, neglect, exploitation, or fraud on the part of the attendant, Member, Member's household or visitor;
 7. documents and investigates all complaints from any party within two (2) business days and resolving all complaints within thirty (30) days;
 8. establishes and maintains Member files in accordance with requirements under 12.08-3;
 9. Makes face-to-face contact with the member at least every 3 months. All other care coordination services provided can be done either face-to-face or through phone contact. See Section 12.06 for limits to this service.
- B. Skills Training Services. These services provide instruction in management of attendant services. This includes instruction in recruiting, interviewing, selecting, training, scheduling, discharging, and directing a competent attendant in the activities in the authorized plan of care and obligations under this Section.

Providers of skills training must instruct each new eligible Member prior to the start of services. The provider must document that skills training has occurred within thirty (30) calendar days of the determination of medical eligibility.

The Skills Training provider may substitute a competency-based assessment in lieu of repeat instruction for Members having previously completed such training under an earlier eligibility period or from another provider of like services.

- C. Personal Care Services (PCS). These services include services related to a member's physical requirements for assistance with the activities of daily living. Additionally, when authorized and specified by the Department or ASA in the authorized plan of care, PCS may include

12.05 COVERED SERVICES (cont.)

IADLs and/or health maintenance activities, which are directly related to the member's plan of care. These tasks must be performed in conjunction with direct care to the member. IADLs and health maintenance activities are those activities that would otherwise be normally performed by the member if he or she were physically able to do so. It must also be established that there is no family member or other person available to assist with these tasks.

Effective
