Subject: Product Registration, SepticJohn Models WC5, WC32, WC48, WC64

Dear Mr. Johansson:

The Division of Environmental Health has completed a review of a registration application for the subject products. This information was submitted pursuant to Section 6.HH of the Subsurface Wastewater Disposal Rules for registration for use in Maine.

The SepticJohn Models WC5, WC32, WC48, WC64 consists of wastewater and graywater incinerating devices. The various models reflect the number of users that the products are designed for.

Pursuant to Section 6.HH.3 of the Rules, a product must be based upon sound engineering principles and can be expected to provide the same level of protection to public health and the environment as offered by the authorized products presently authorized by the Department for use in these Rules. Sound engineering principles may be demonstrated by submitting a letter to the Department from a) a certifying organization, such as the Building Officials and Code Administrators (BOCA), or other suitable organization stating their approval of the product, or b) the American Society for Testing and Materials (ASTM) indicating the subject product (used as indicated in the request) meets the ASTM standard as specifically listed in the appropriate section of any nationally recognized code, such as BOCA or equal. According to the information you provided, the SepticJohn Models WC5, WC32, WC48, WC64 received National Sanitation Foundation (NSF) Protocol confirmation for incinerating Toilet Systems for Health and Sanitation on August 8, 2023.

Based on the information submitted, the Division has determined that the SepticJohn Models WC5, WC32, WC48, WC64 are acceptable for use in the State of Maine, provided that it is installed, operated, and maintained in conformance with the manufacturer's directions. The SepticJohn Models WC5, WC32, WC48, WC64 are rated for 2,4,8, and 16 persons per day respectively.

Because installation and owner maintenance have a significant effect on the working order of onsite sewage disposal systems, including their components, the Division makes no representation or guarantee as to the efficiency and/or operation (product). Further, registration of this product for use in the State of Maine does not represent Division preference or recommendation for this product over similar or competing products.

If you have any questions, please feel free to contact me at (207) 592-2086 by phone or at alex.l.pugh@maine.gov by e-mail.

Sincerely,
