

SSWW Permit Application Search

Instructions

How to ensure the best results from your permit application search.

SEARCH

The screenshot shows a web browser window with the DocuWare application. The search form is titled "DHHS DW Subsurface Permits Prod - DW SSWW Public Permits". It features a "Reset" button and a "Search" button. The form fields are as follows:

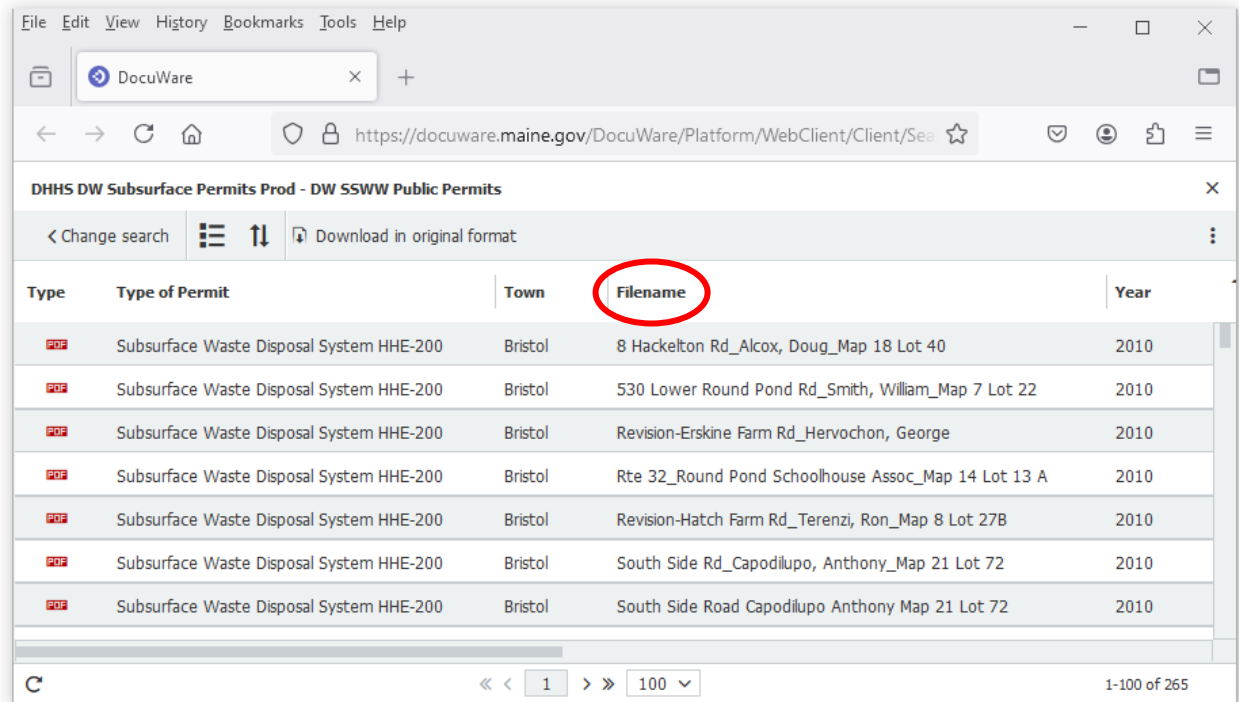

Type of Permit	"Subsurface Waste Disposal System HHE-200"	▼
Town	"Bristol"	▼
Year Range	2,010 ▼ 2,015 ✕ ▼	
Owners Name		▼
Street Number		▼
Street Name		▼
Map Number		▼
Lot Number		▼
Latitude		▼
Longitude		▼

Using the drop-down arrows at the far right of your screen, identify your search parameters:

- **Type of Permit** application (HHE-200, disposal systems and/or components, or HHE-200A, replacement septic tanks).
- **Town** (or city) in which the property is located.
- **Year Range** – Unless you are certain of the exact year the system or tank was installed, try searching a 5-year range. (The example above shows a search for HHE-200 applications issued in Bristol, Maine, between 2010 and 2015.)
- **For permits issued in 2019 or after**, additional parameters such as **Street Name** and **Owner's Name*** might be helpful. (*Specifically, the property owner when the permit was issued.)

Click **Search**

A list of all permit applications issued by the Town of your choosing, within the date range you identified, will appear.

- For permits issued **before 2019**, we recommend sorting by **Filename**. In this single column, permit applications are identified by the **street address**, the **property owner**, and the Town's **map-and-lot numbers**.
- For permits issued **in 2019 and after**, sorting by Filename is not recommended. These applications are indexed by their data column headings (**Owner's Name**, **Street Name**, etc.).
- Click on any column heading to sort (Ascending: sort parameters A-Z; or Descending: Z-A).
- You may want to re-order the columns. Click and drag on a heading to move that column to the left or right.

Double-Click anywhere on a line-item to open or download a PDF of the permit application.
