

## **Executive Order for Restaurants and Bars Questions and Answers**

**The executive order closes dine-in facilities at all restaurants and bars statewide.**

All restaurants and bars shall close their dine-in facilities. Such businesses that offer carry-out, delivery, and drive-through food and beverage service may continue to do so but eating and drinking inside restaurants and bars is temporarily prohibited. Such businesses offering carry-out, delivery, and drive-through food and beverage should employ social distancing best practices and minimize gathering of customers. The Governor urges Maine people to continue to support our establishments by purchasing take-out meals or by buying gift cards or other measures of support.
