To: Maine Immunization Program Providers
From: Maine Immunization Program
Subject: Patient Immunization Entries
Date: August 23, 2021

Please note when entering historical immunizations into a patient's record, it should only be entered into ImmPact or an EMR based on a certificate of immunization, not a patient's word. Whenever possible it should include ALL required fields of immunization date, trade name, lot number, etc. This includes COVID-19 immunizations.

Note that any patient with an unspecified COVID-19 vaccine (meaning there is no trade name) will be deleted.
