

Adults can get COVID-19 vaccines at no cost to them!

The distribution of COVID-19 vaccines changed in September 2023 as these products moved to the commercial market.

COVID-19 vaccines are still available at no cost to most people living in the U.S. through their private health insurance, Medicare, and Medicaid plans. However, there are **25-30 million adults without health insurance and additional adults whose insurance does not offer COVID-19 vaccines at no cost to them.**

CDC's Bridge Access Program provides no-cost COVID-19 vaccines to adults without health insurance and adults whose insurance does not cover all COVID-19 vaccine costs.

IMPORTANT

Who can get a no-cost COVID-19 vaccine through this program?

Adults without health insurance and adults with health insurance that does not provide zero-cost access COVID-19 vaccines are eligible to receive Bridge Access Program COVID-19 vaccines.

The Bridge Access Program will provide no-cost COVID-19 vaccines to eligible adults through **December 31, 2024.**

If an Adult's private insurance does not provide COVID-19 vaccine at zero cost they should receive Bridge Access Program COVID-19 Vaccine
