

Update on Selected Priorities and Activities since the 2019 Community Health Needs Assessment - Hancock County

In response to the 2019 Community Health Need Assessment (CHNA) along with community input, hospitals and local districts developed their own three-year strategies and plans. Below are these organization’s updates on their selected priorities and activities since the 2019 Community Health Needs Assessment. One full year of implementation has taken place to date in 2020. 2021 implementation work is currently underway with 2022 work on the horizon for implementation activity in these identified areas.

For a number of organizations listed in this document priority work spans across multiple counties throughout Maine though their physical location may be in one county.

Priority	Activities	Partners	Key Accomplishments
Organization – Downeast District Public Health Improvement Plan			
Palliative Care and Hospice Services	In 2020 the Council assessed the palliative care and hospice services in the two counties.	Maine CDC Comprehensive Cancer, Hospice Council of Maine, MDI Hospital Palliative Care, Northern Light Palliative Care, Healthy Acadia, Beth Wright Cancer Center, Community Caring Collaborative	In 2020 the Council hosted a summit to better understand the strengths, gaps, missing resources and organizations, and best practices for promoting palliative care and hospice in the two counties.
	In 2021 the Council reviewed different data sources that listed organizations that provided accredited palliative care services in the two counties and Maine and worked to make the information consistent and more easily available to consumers.	Maine CDC Comprehensive Cancer, Hospice Council of Maine, MDI Hospital Palliative Care, Northern Light Palliative Care, Healthy Acadia, Beth Wright Cancer Center, Community Caring Collaborative, United Way 211 Service	In 2021 the Council developed an agreement with a statewide service (211) to better coordinate palliative care services.
Healthy Aging	In 2020 the Council researched a model for providing resources and assets to communities to promote Healthy Aging.	Next Step Domestic Violence, Eastern Area Agency on Aging, Hospice Council of Maine, Hancock County Sheriff, Maine State Police, Mount Desert Police, Deer Isle Community, Friends in Action, Healthy Peninsula, Legal Services for the Elderly, MDI Hospital, Peninsula Ambulance	In 2020 the Council hosted the Waldo County Sheriff presentation on their current model of a Triad.
	In 2021 the Council had organizational meetings, presentations, and discussions in forming a Triad model.	Next Step Domestic Violence, Eastern Area Agency on Aging, Hospice Council of Maine, Hancock County Sheriff, Maine State Police, Mount Desert Police, Deer Isle Community, Friends in Action, Healthy Peninsula, Legal Services for the Elderly, MDI Hospital, Peninsula Ambulance	In 2021 after meeting with a number of Healthy Aging Communities and law enforcement, a draft agreement was reviewed and the language adapted using language that was more age positive and getting staff support from the Hancock County Sheriff’s Office.
Emergency Preparedness	In 2020 the Council implemented a workplan to develop a district wide Medical Reserve Corp Unit	Hancock Counth Emergency Management Agency, Maine Responds Volunteer Network, Maine CDC, Healthcare Coalition, Atlantic Partners EMS.	In 2020, technical support and resources were procured through a MRC Operational Readiness Awards through National Association of City and County Health Officials (NACCHO) and ASPR.

Update on Selected Priorities and Activities since the 2019 Community Health Needs Assessment - Hancock County

Priority	Activities	Partners	Key Accomplishments
Emergency Preparedness	In 2021 the Council continued to work on the MRC Unit through outreach, trainings, and meetings.	Hancock County Emergency Management Agency, Maine Responds Volunteer Network, Maine CDC, Healthcare Coalition, Atlantic Partners EMS.	In 2021, a committee was formed to develop strategic planning, immediate goals, leadership roles and structure, and plans for opportunities for the unit to participate in community events.
Cancer and Health Literacy	In 2020 the Council coordinated meetings and overlapping goals with Downeast Cancer Patient Navigation Project to review cancer data and better understand barriers to care and supports for cancer patients and their families.	Healthy Acadia, Beth Wright Resource Center, Sarah's House, Christine B Foundation, Down East Community Hospital, Regional Medical Center at Lubec, Swans Island Community, Maine CDC Breast and Cervical Health program	Workplace initiative at community hospital that created opportunities for employees to get breast cancer screening and meet this preventive care measure.
	In 2021 the Council researched and discussed best practices and programs for building health literacy, from trainings for health providers to digital learning for consumers to a health literacy curriculum for K-12 schools.	Healthy Acadia, Swans Island Community, Maine Digital Learning Network, Community Caring Collaborative, University of Maine Machias, Maine CDC Breast and Cervical Health Program.	Ongoing regional media campaign to increase breast cancer awareness and increase breast cancer screening rates.
COVID-19	In 2020 the Council kept its six meetings on alternate months via zoom and provided COVID updates at each meeting	District Council Members and Stakeholders	Coordinated COVID Vaccine clinics in island communities in Hancock County with multiple partners including Maine Seacoast Mission.
	In 2021 the Council helped in the coordination of community vaccine efforts, including the FEMA Mobile Unit. The Council was also a starting partner for a consumer health navigation system in Washington County.	EMS Providers in both counties, FEMA, National Guard, Peace Corp and other Volunteers, Washington County Emergency Management Agency, Mano en Mano, Community Volunteers; Rotary of Calais, Community Caring Collaborative	Completed successful vaccine clinics using FEMA Mobile Clinic with three-day drive up vaccine clinics in Milbridge and Calais.

Frontline and provider MAT program champions were identified and assisted with implementation. Various highlights to this program include; development of Emergency Department and Primary Care MAT protocols, policies, implementation of Telehealth MAT visits, and recruitment of primary care providers. Virtual training on Trauma Informed Care was offered to all staff as a supplemental resource to assist with reduction of stigma associated with Substance Use Disorders.
	In 2021, Blue Hill Hospital continues working to maintain the number of Medication-Assisted Treatment options for opioid use readily available in local communities.	Northern Light Primary Care Medical Staff; Northern Light Primary Care Walk-in services in Ellsworth Northern Light Emergency Care at Maine Coast and Blue Hill Hospitals; Northern Light Beacon Care Management; TEAM Health Medical Staff; Down East Treatment Center	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.

Update on Selected Priorities and Activities since the 2019 Community Health Needs Assessment - Hancock County

Priority	Activities	Partners	Key Accomplishments
Access to Care	In 2020, Blue Hill Hospital worked to increase the number of patients accessing non-urgent care by community paramedicine programs.	Healthy Peninsula; Memorial Ambulance; Castine Volunteer First Responders; Peninsula Ambulance Corps; Northern Light Blue Hill Care Team: Primary Care Providers, RNs, MAs, Social Work, clerical staff, administration, ED and Inpatient Director, Care Management; Northern Light Home Care & Hospice; Northern Light Beacon Health	The paramedicine program was also able to assist with obtaining necessary durable medical equipment, assist with food insecurity programs, and connect patients and families with other community resources and services as needed.
	In 2021, Blue Hill Hospital continues working to increase the number of patients accessing non-urgent care by community paramedicine programs.	Primary care providers, RNs, MAs, social work, clerical staff, admin, ED director, inpatient director, population health and discharge planning; Memorial Ambulance Corps	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
COVID-19	In 2020, Northern Light Blue Hill Hospital worked with regional agencies to promote patient, staff and community safety during the COVID-19 pandemic.	Northern Light Health Care Teams, Hospital Leadership from Washington County and MDI Hospitals, Long Term Care Facilities, Regional Emergency Management Services, Maine CDC	Participated in collaborative monthly regional planning meetings with executive teams from hospitals and other health care facilities to discuss lessons learned, barriers, and to implement plans to surround the needs of community with regards to COVID-19 and impact on hospital census. Provided FIT testing to outside agencies to promote safety and well-being for their staff and patients through appropriate use of PPE. Collaborated with Island Nursing Home and CDC during COVID-19 outbreak, providing staffing, education and resources. Participated in multiple community based forums providing education to reduce transmission of COVID-19, such as handwashing and PPE donning and doffing. Served as a centralized Swab and Go site for the community to provide increased access to COVID-19 testing.
	In 2021, Northern Light Blue Hill Hospital worked with regional agencies to promote patient, staff and community safety during the COVID-19 pandemic.	Northern Light Health Care Teams, Hospital Leadership from Washington County and MDI Hospitals, Long Term Care Facilities, Regional Emergency Management Services, Maine CDC	Continued with all regionalized meetings and collaboration efforts initiated in 2020. Community breakfasts for vaccine safety and Q+A with local physicians. COVID-19 vaccine clinics (Hospital-Based, Mass Vaccine, now Clinic-Based).

Update on Selected Priorities and Activities since the 2019 Community Health Needs Assessment - Hancock County

Priority	Activities	Partners	Key Accomplishments
Organization - Northern Light Acadia Hospital			
Mental Health	In 2020, Acadia Hospital worked to increase the number of CARES packages distributed.	Over 20+ statewide school districts; Northern Light Health member organizations; The University of Maine; Maine Child Welfare Education; Adoptive and Foster Families of Maine; GEAR Parent Network; Community Compass; Maine Children’s Trust	Successfully brought expertise and assistance to schools, teachers, support staff, and agency staff during the incredibly challenging time of COVID-19. During the last 6 months of FY20, we made ourselves as available as much as possible to support youth and families AND the teams from schools and provider agencies who caring for kids and families experiencing emotional challenges due to the pandemic.
	In 2021, Acadia hospital continues to work on increasing the number of CARES packages distributed.	Northern Light Mayo Hospital; Northern Light Sebasticook Valley Hospital	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
Social Determinants of Health	In 2020, Acadia worked to increase the number of patients screened for food insecurity and referred to Community resources.	Various Northern Light Health departments; Good Shepherd Food Bank	Increased the visibility of food insecurity among its patient population and has helped to inform a developing collaboration between Acadia and the Good Shepherd Food Bank which will begin in fiscal year 2021
	In 2021, Acadia continues to work on increasing the number of patients screened for food insecurity and referred to community resources.	Good Shepherd Food Bank	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
Substance Use	In 2020, Acadia worked to increase the number of community members able to access an existing primary care Medication-Assisted Treatment option and increase the Northern Light Acadia Hospital's daily dosing Suboxone program	Northern Light Eastern Maine Medical Center Emergency Department; Northern Light Eastern Maine Medical Center Primary Care – Dr. Billings-Lindsey	Widened the array of understanding of the depth and breadth of services our Opioid Health Home (OHH)/daily dosing Suboxone program offers to other non-Northern Light agencies within the greater Bangor region.
	In 2021, Acadia continues to work increase the number of community members able to access an existing Medication-Assisted Treatment option for opioid use through Acadia’s Opioid Health Home Program	Northern Light Eastern Maine Medical Center Emergency Department; Northern Light Eastern Maine Medical Center Primary Care – Dr. Billings-Lindsey. Working with Wellpath/ME Dept of Corrections for continuing treatment as inmates are released from incarceration; AMHC	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
COVID-19	In 2020 and 2021, during the pandemic, provided mental wellness and resilience education and support to businesses including leadership and topical trainings	Many businesses and forums such as Bangor Region Leadership Institute, Bangor Rotary and Bangor Chamber	Provided resilience leadership training to over 1,700 leaders. Provided numerous topical trainings to business, consortiums and community audiences

Update on Selected Priorities and Activities since the 2019 Community Health Needs Assessment - Hancock County

<p>Additional information on Northern Light Acadia Hospital's priority activity can be found at: https://northernlighthealth.org/2019-Community-Health-Strategy Contact: Rick Redmond, Associate Vice President, Community Partnerships and Service Line Dev., Acadia Hospital 207-973-6811 or rredmond@northernlight.org</p>			
Organization - Northern Light Eastern Maine Medical Center			
Mental Health	In 2020, EMMC worked to increase educational programs to raise awareness, readiness and access to mental health services.	Northern Light Acadia Hospital	The partnership with Acadia increased the number consults in primary care and provided easier access to the provider at Acadia in an active provider model.
	In 2021, EMMC continues working to increase educational programs to raise awareness, readiness and access to mental health services.	Northern Light Acadia Hospital; NAMI	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
Social Determinants of Health	In 2020, EMMC worked to increase the number of patients screened for food insecurity and referred to community resources.	Good Shepherd Food Bank	Built a program to assist patients in need with food bags and/or referrals to other community partners. Over 24,000 screens performed, over 1,000 patients identified as food insecure, and 421 patients provided food bags or referrals to other community partners.
	In 2021, EMMC continues working to increase the number of patients screened for food insecurity and referred to community resources	Good Shepherd Food Bank; United Way	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
Substance Use	In 2020, EMMC worked to increase the number of Medication-Assisted Treatment (MAT) options for opioid use readily available in local communities.	SAMHSA for MAT training Program (PCSS Module)	First year residency program, which includes MAT training, continues to be an excellent approach to expand capabilities within our community. The Residency Program performs well on training physicians as first year residents and embedding that expertise into our primary care practices.
	In 2021, EMMC continues working to increase the number of Medication-Assisted Treatment options for opioid use readily available in local communities.	Northern Light Acadia Hospital; Bangor Area Recovery Network	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
Access to Care	In 2020, EMMC worked to increase the number of primary care locations accepting new patients.	WellSpring Inc.; Michael Reid, VP Physician Services; Dr. James Clarke, SVP Physicians Medical Group; Dr. Billings-Lindsey, Physician Chair, Northern Light Health Medical Group; Northern Light EMMC Primary Care Managers, Northern Light EMMC Executive Leadership, and Northern Light EMMC Primary Care Steering Committees.	Opened six of seven primary care practices to new patients and saw an increased volume of 2,072 new patients over the last year, thus creating additional access for those we serve.

Update on Selected Priorities and Activities since the 2019 Community Health Needs Assessment - Hancock County

Priority	Activities	Partners	Key Accomplishments
Access to Care	In 2021, EMMC continues to maintain the number of primary care locations accepting new patients.		Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
Physical Activity, Nutrition, Weight	In 2020, EMMC worked to increase the number of evidence-based programs focused on access to and availability of activities to improve overall health through a variety of different nutritional and/or physical activity options.	Bangor school system; Orono school system; Hampden school system	Provided instructional videos, online social interactions, work out videos, as well as worked directly with schools and coaches to determine best methods to support Phase 1 restart as specified by the State of Maine.
	In 2021, EMMC continues working to increase the number of evidence-based programs focused on increasing access to and availability of physical activity.	Bangor, Orono, and Hampden School Systems	Fiscal Year 2021 priority activity updates will be available at the end of the fiscal year and posted online via our Progress Report to Our Community.
COVID-19	During 2020 and 2021, EMMC engaged with many community partners to provide education, support, and vaccinations to the community. Prior the vaccination effort, EMMC provided education around PPE and engaged in mask collections for community agencies. Once vaccination became available, EMMC held initial clinics on site at the hospital for 80+ prior to many places having availability, and transitioned to one of the first mass vaccination sites at the Bangor Cross Center. EMMC leveraged community volunteers, staff members, and community partners to ensure the needed volume was available. EMMC and NLH leadership also hosted and supported virtual learning for schools, community, and businesses around safe practices for operating during COVID. EMMC provided support to various community organizations on exposure and employee processes and procedures. EMMC created and maintained a testing site for symptomatic community members, as well as a respiratory assessment clinic to limit exposure for other patients. In 2021, EMMC has begun to transition testing, assessments, and vaccination into all of their primary care offices.	Northern Light Health Pharmacy and Home Office, City of Bangor, State of Maine, Cross Center, Penobscot Community Health Care, St. Joseph Hospital, and other community partners.	13,000 doses of vaccination given at the medical center, 108,000 doses of vaccination given at the cross insurance center, 5,000 doses given at Union Street. Over 1,000 new community volunteers to support the cross insurance center trained and oriented to the roles. Significant labor investment for paid EMMC employees supporting the testing, vaccination, and assessment processes.
