- ◆ Finding resources
- ◆ Connecting to support from other parents of children with similar healthcare needs
- ◆ Advocacy

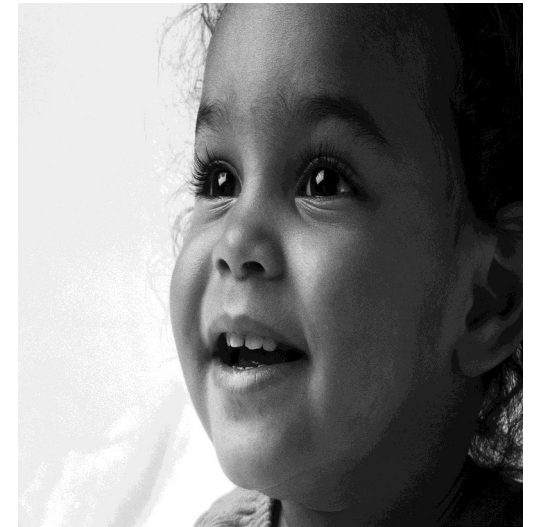

What is Care Coordination?

Care Coordination is a unique resource for families, health care providers, and communities. Our goal is to help families get the services they need for optimal health, development and well-being of children with special health needs.

Care Coordination Program

Our Care Coordinator can guide families and organizations to find resources that best fit the needs of their child.

We can navigate families through complex medical systems, connecting them to the care that will achieve the very best possible patient outcome.
