

Tubs By Topic New and Improved

Tubs By Topic is an educational loan program sponsored by the Maine Oral Health Program. Materials contained in each tub provide tools to facilitate or enhance lessons on the defined topic. Educators may borrow these resource materials; the user is responsible for returning the tubs to the Oral Health Program by the agreed upon time at their own expense. We have added many **NEW** learning materials to the tubs. If you have a special request just let us know and we will try to provide it for you. Please contact either Nicole Breton at 207-287-3263 or Anita Ring at 207-287-3121. **In 2012 we have added web-sites to the list of things that are availed for you to use.**
