Policy

1. The State Agency shall drawdown NSA funds as close as is administratively feasible to actual disbursements. Generally, the drawdown of federal funds will occur after the corresponding disbursements.
2. The State Agency will maintain federal funds at hand no greater than needed to cover five (5) business days of related expenses.
3. The Financial Manager shall be responsible for ensuring that funds are available to reimburse vendors/farmers for redeemed food benefits.

5. The State Agency shall manage its NSA grant on a cash basis.

Procedure

2. The State Agency shall ensure that NSA program receipts are auditable by obtaining the State Agency Director (or designee)'s approval on all draw downs, attaching the appropriate documentation for the draw, and maintaining the records for a minimum of seven (7) years.
