NOTES: See NOTES on the accompanying Fact Sheet: [Sagadahoc County - Health Care Resources](#)

* 1991 age-adjusted death rates are for underlying cause of death, U.S. rates are for whites only; rates are age adjusted to the US 1940 standard population; these are rates that have been standardized to eliminate differences due solely to variations in the age composition of the populations.

**Infant deaths were calculated using the average of the infant death rate for the three year period, 1990-1992.
