Instructions

 This Death Index allows users to search Maine death records from January 1, 1892 to December 31, 2010. The search is based on name, date of death, or location of death.

This index provides users with the basic record information, allowing you to determine if there is a record and allows users to submit a request using an online ordering form.

The yellow box on the left hand side of the screen is the ordering form which submits an email to DRVS, Vital Records office requesting a record within the index. For security reasons, you cannot copy from within the Index window.

To make entering information into the ordering form easier, you can "drag" the yellow order form below the row containing the information you are seeking.

If you experience any problems using this portal, please contact Vital.Records.DHHS@maine.gov.

- **Tip 12:** The ordering form allows users to save their contact information by selecting the “Remember Me” feature
- **Tip 13:** There is no new search button. Once you have searched for a record or group of records, use the back button on your browser to page back through to the search page. We realize this is cumbersome and will continue to look into ways we can improve this feature of the website. If you do not wish to back out of each page(s), you may close out the screen by selecting the red X or the “log in” button located in the yellow ordering form. This will take you back to the login screen where you can log in again.

Municipal Clerks:

This ordering form in the yellow box allows you to request the record at the time you are searching for it. If the record requested is not an event that happened in your town or to a resident of your town you will receive an email back from our office indicating that your town is not entitled to the record.

The requested records will be processed once a week and sent out the following week. If you do not wish to request the record through this online process you may continue to fax your requests to our office on your office letterhead at 207-287-1093. If you have not heard from our office or received your record within two weeks, please contact us at 207-287-3771.

Genealogist/Researchers:

This ordering form in the yellow box allows you to request the record at the time you are searching for it. Once you have submitted your request for a record you will receive a pop-up message confirming your request has been sent, as well as an email confirmation. As a benefit of being a genealogist using this online search, you may request a copy of a record through the online ordering form. This allows you to request the record at the time you are searching for it. As a Researcher/Genealogist you are entitled to three free non-certified copies of vital records per week.

The requested records will be processed once a week and sent out the following week. If you do not wish to request the record through this online process, you may continue to mail your requests to our office on the current application. If you have not heard from our office or received your record within two weeks, please contact us at 207-287-5451.
