

Healthcare Readiness Workshop Series

Strengthening EOPs, HVAs & Cybersecurity Preparedness

FOR HEALTHCARE PARTNERS ONLY

A HANDS-ON OPPORTUNITY TO STRENGTHEN YOUR PREPAREDNESS

Review or update your
Emergency Operations
Plan (EOP) and HVA.

Annual EOP review
is encouraged.

Receive practical
feedback from
preparedness partners.

Helps inform future
training, drills, exercises
and coordination.

CISA (Cybersecurity and Infrastructure Security Agency) and local emergency management professional will be present to help healthcare facilities strengthen EOP's, HVA's, coordination and cybersecurity planning.

Drop-in workshop hours: Attend at any time during either of the 3-hour sessions.

Date: October 13, 2026

Time: 9a-12p

Location:
Hancock County Emergency
Management Agency
11 Civic Way
Hancock, 04640

or

Date: October 13, 2026

Time: 2p-5p

Location:

WHY ATTEND?

- Review and strengthen your Emergency Operations Plan
- Update and refine your Hazard Vulnerability Assessment
- Connect with local emergency management professionals
- Discuss cybersecurity planning considerations with CISA
- Improve coordination with healthcare partners

Local emergency management professionals are invited to participate in a collaborative role to support healthcare organizations in your district.

This workshop is NOT intended to duplicate existing local emergency management efforts.
