

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through January 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

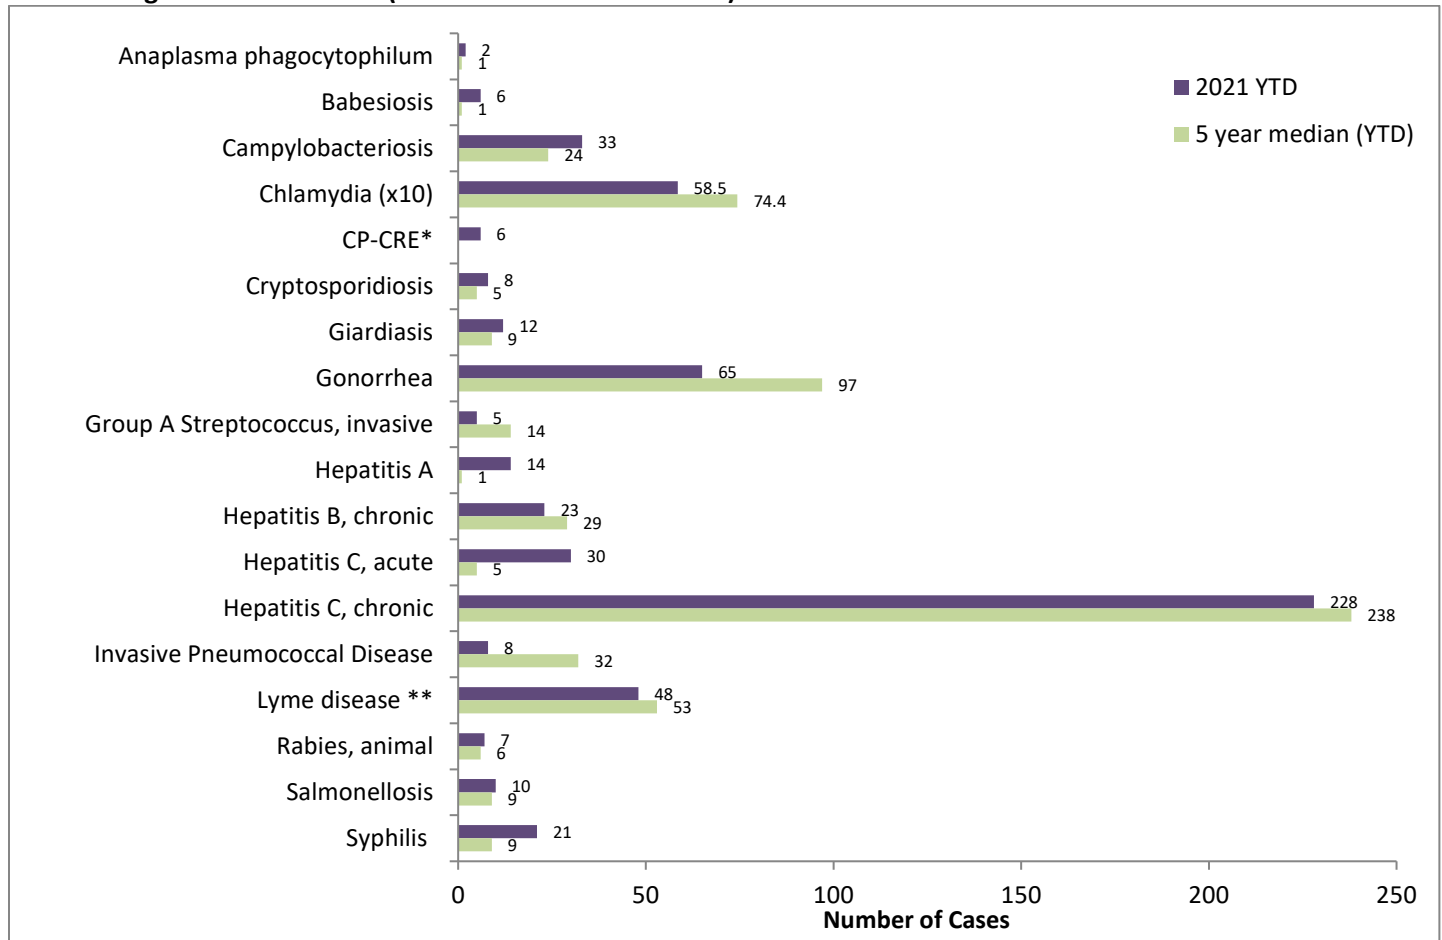

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

Data are preliminary as of 08/9/2021

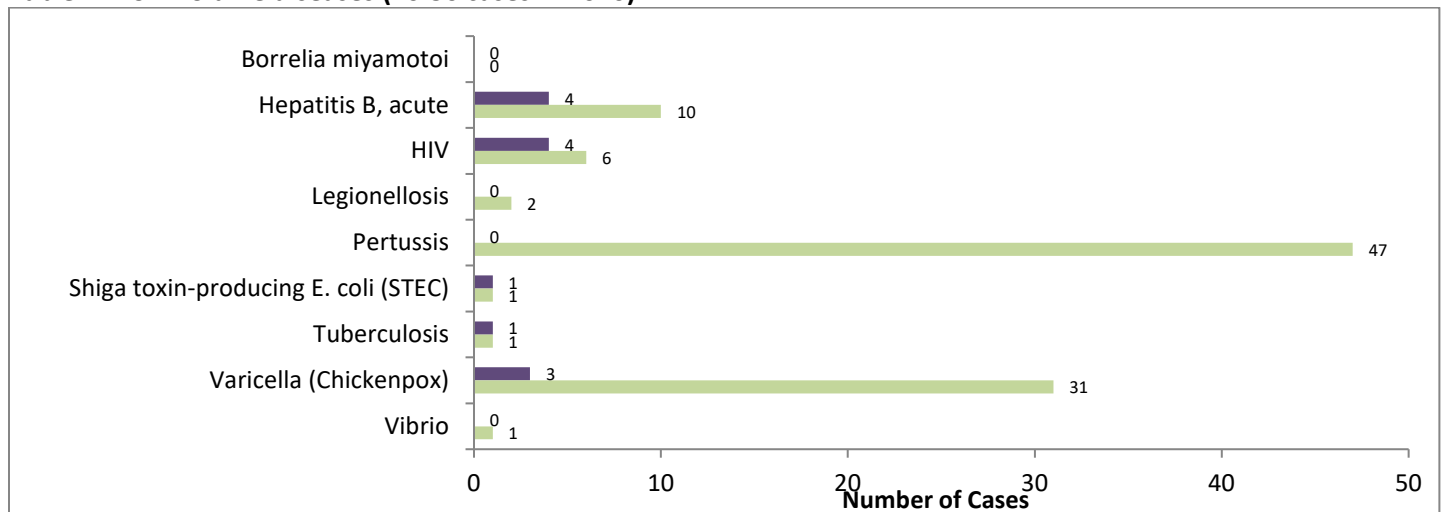

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through February 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

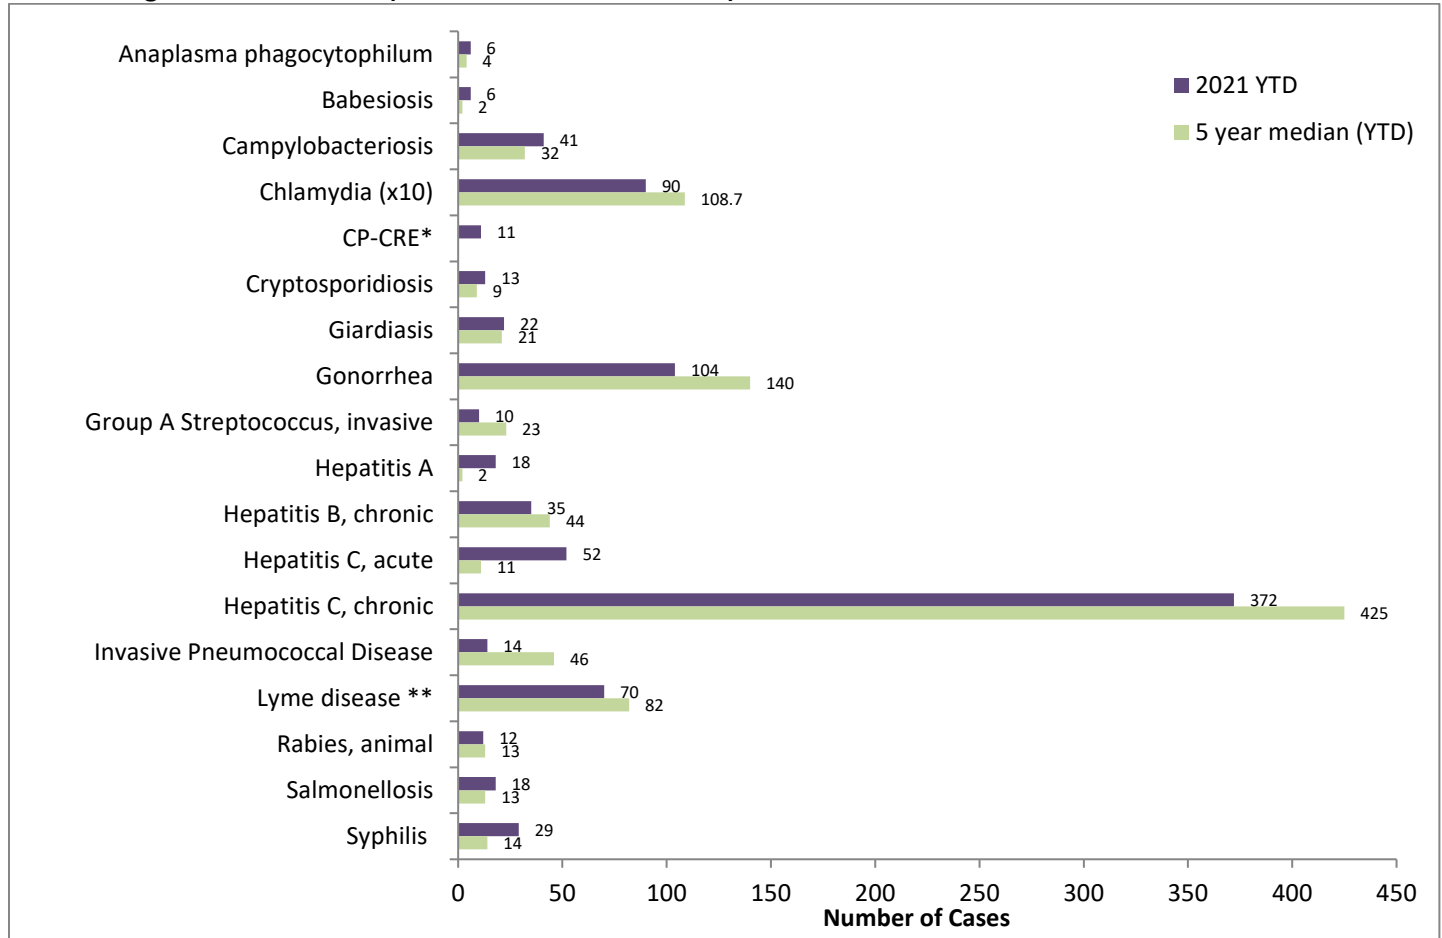

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

Data are preliminary as of 08/9/2021

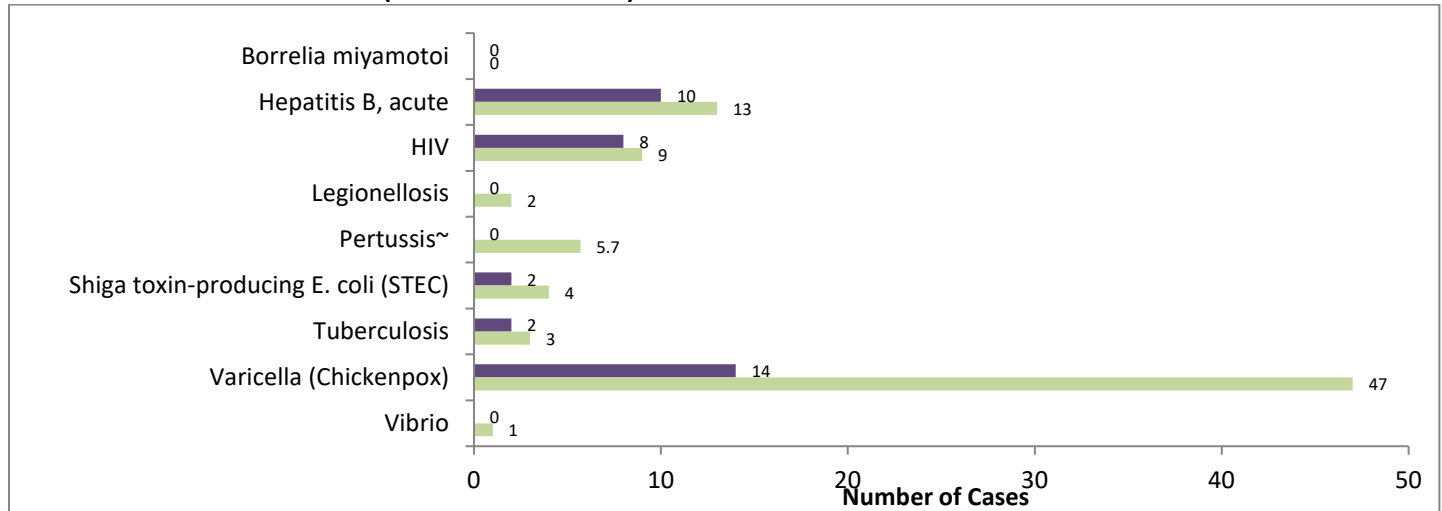

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through March 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

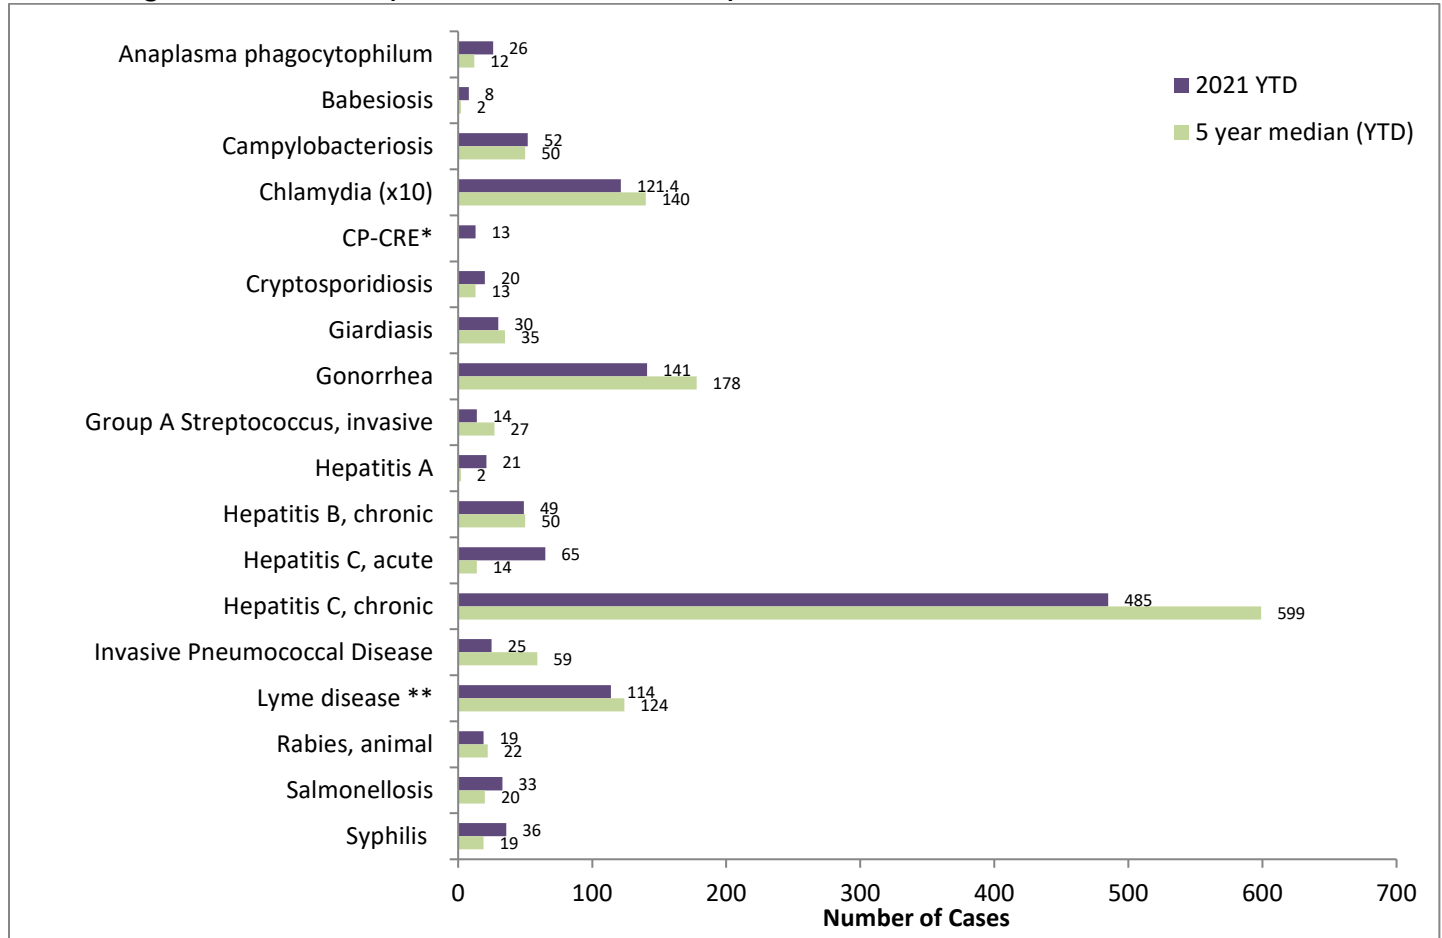

~Pertussis 5-year medians requires (x10) multiplier, but current year is not multiplied

Data are preliminary as of 08/9/2021

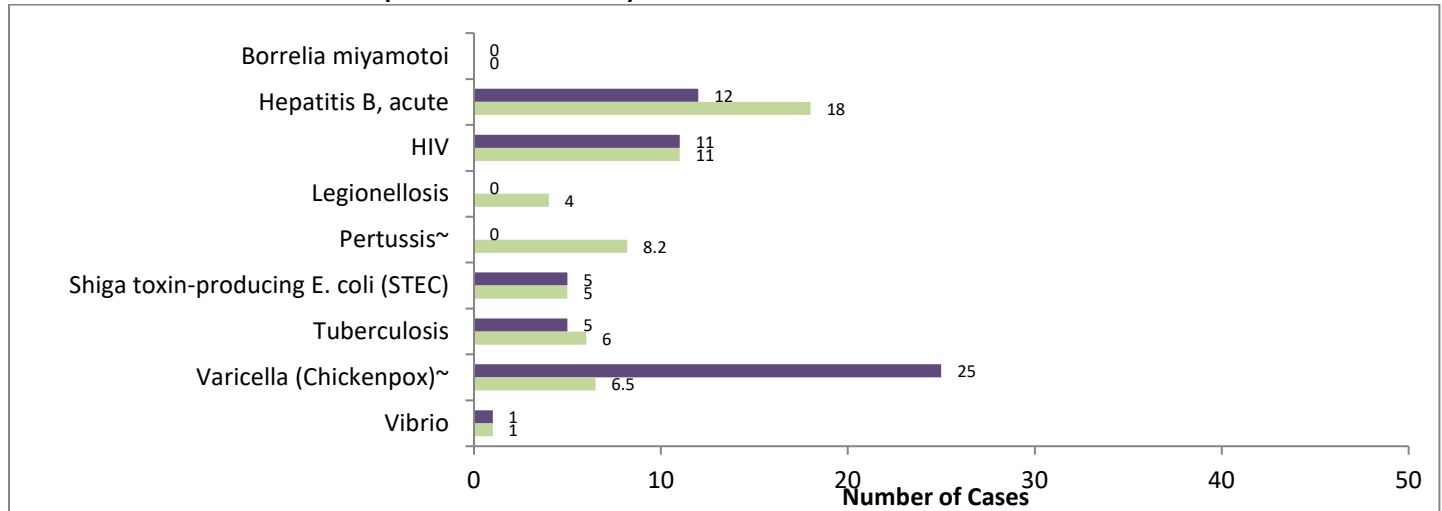

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through April 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

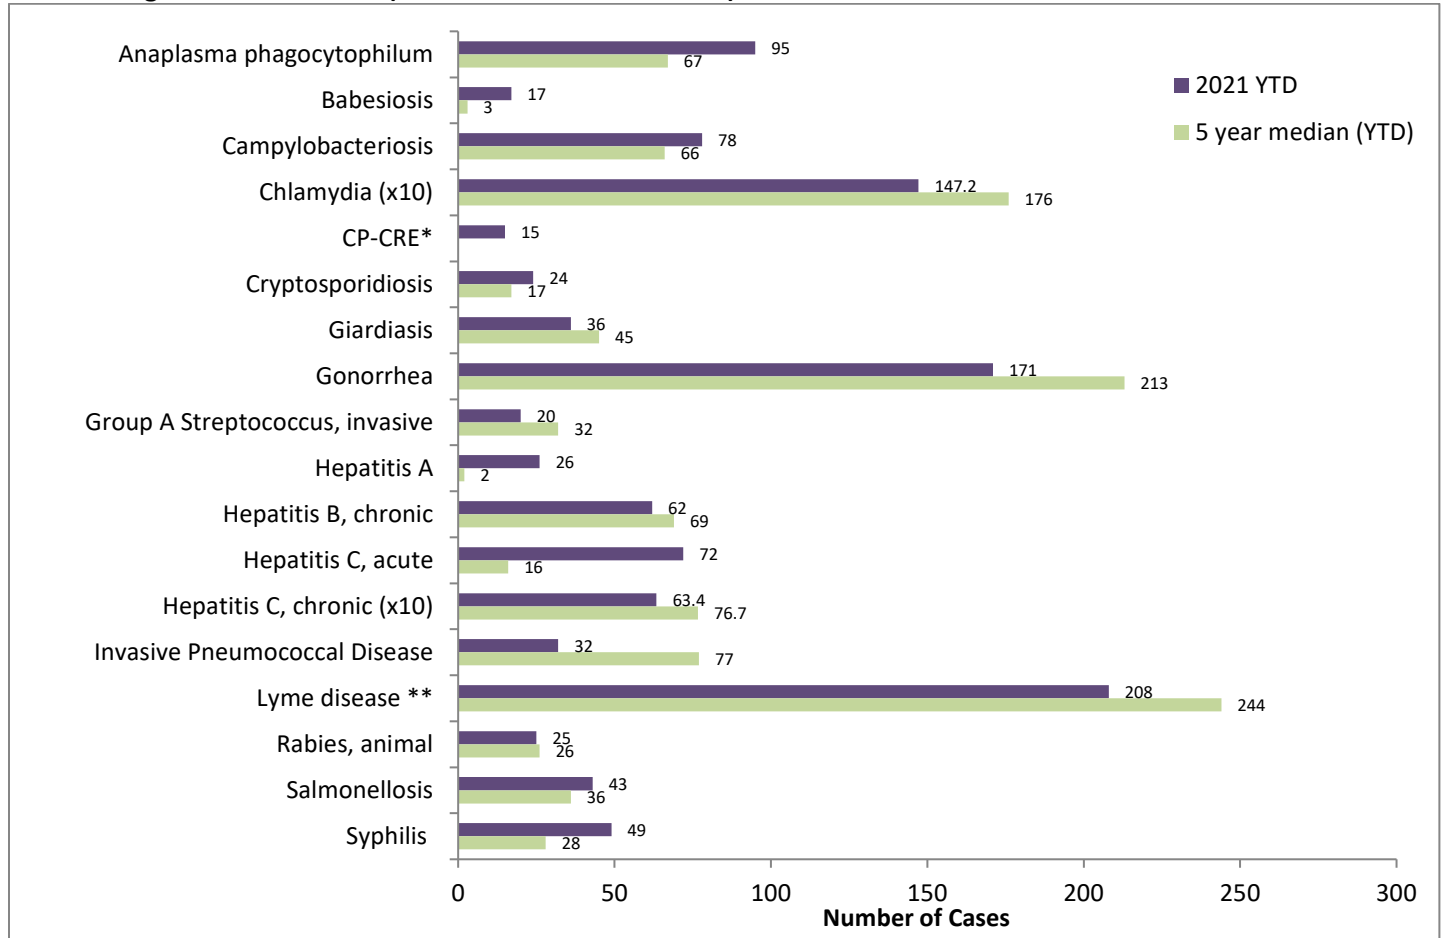

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 08/9/2021

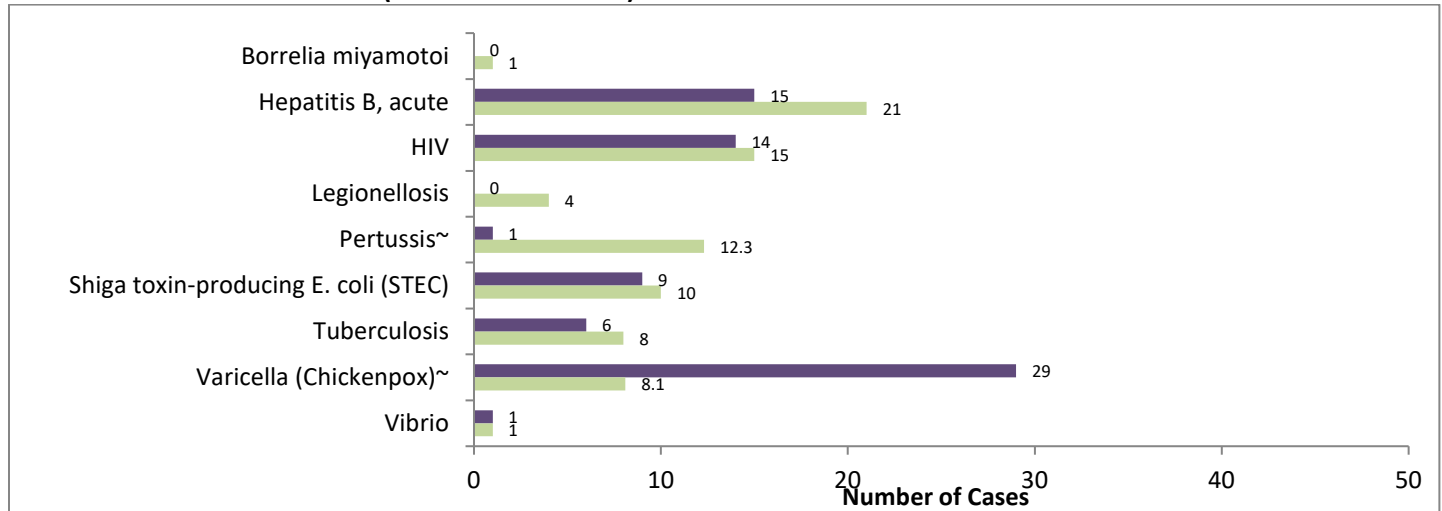

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through May 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

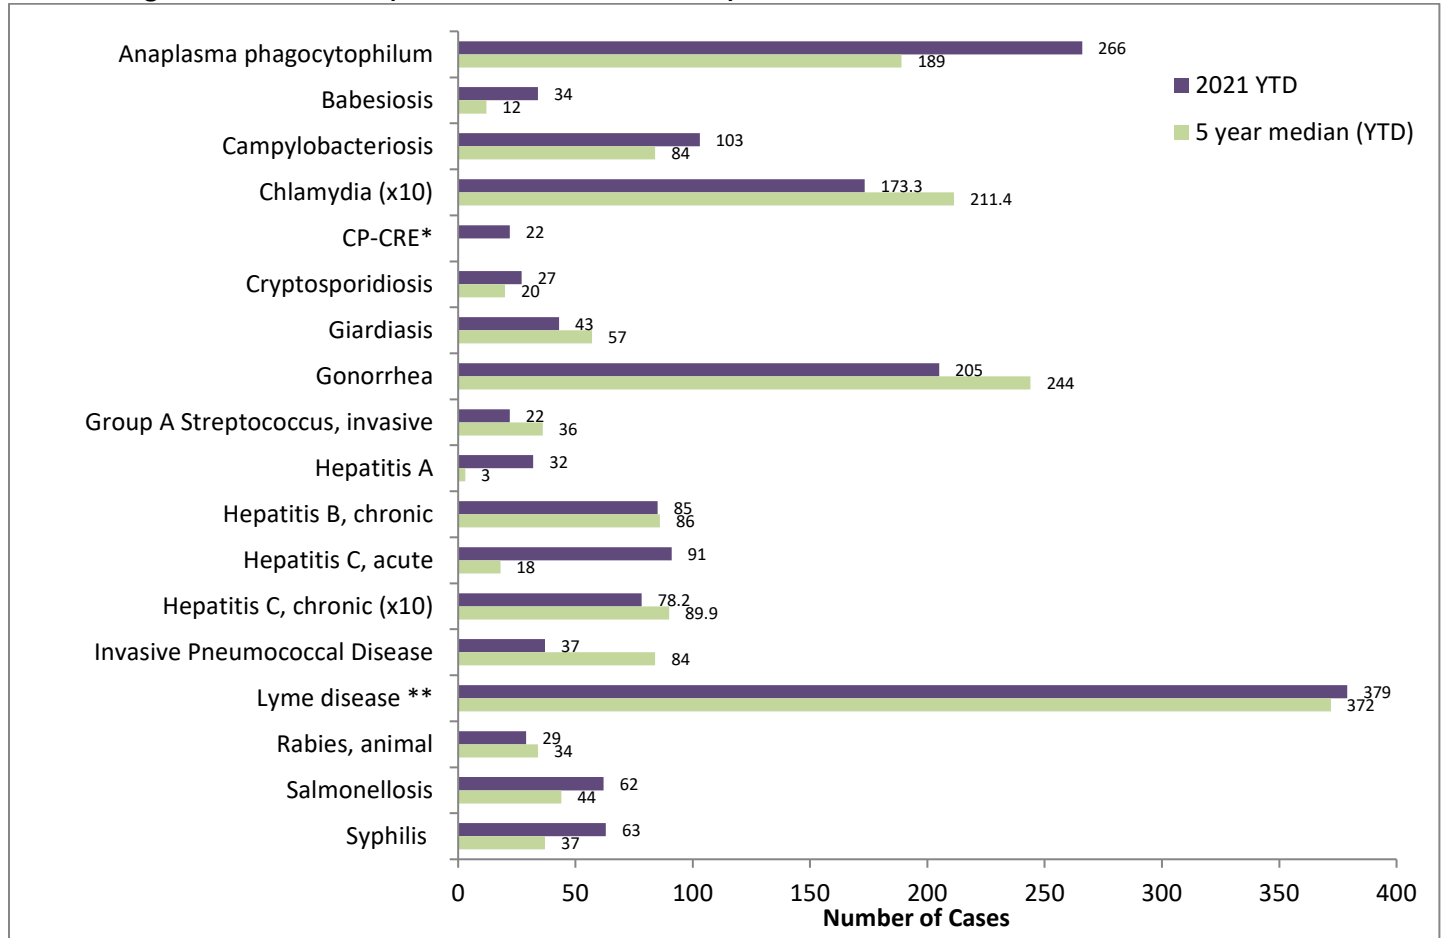

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 08/9/2021

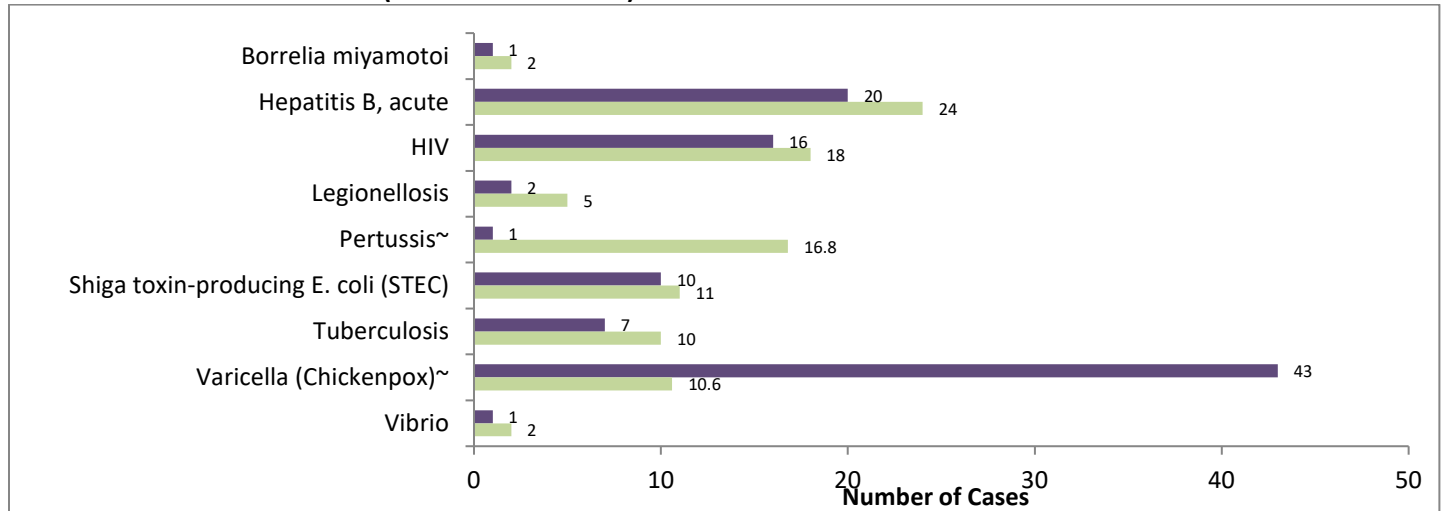

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through June 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

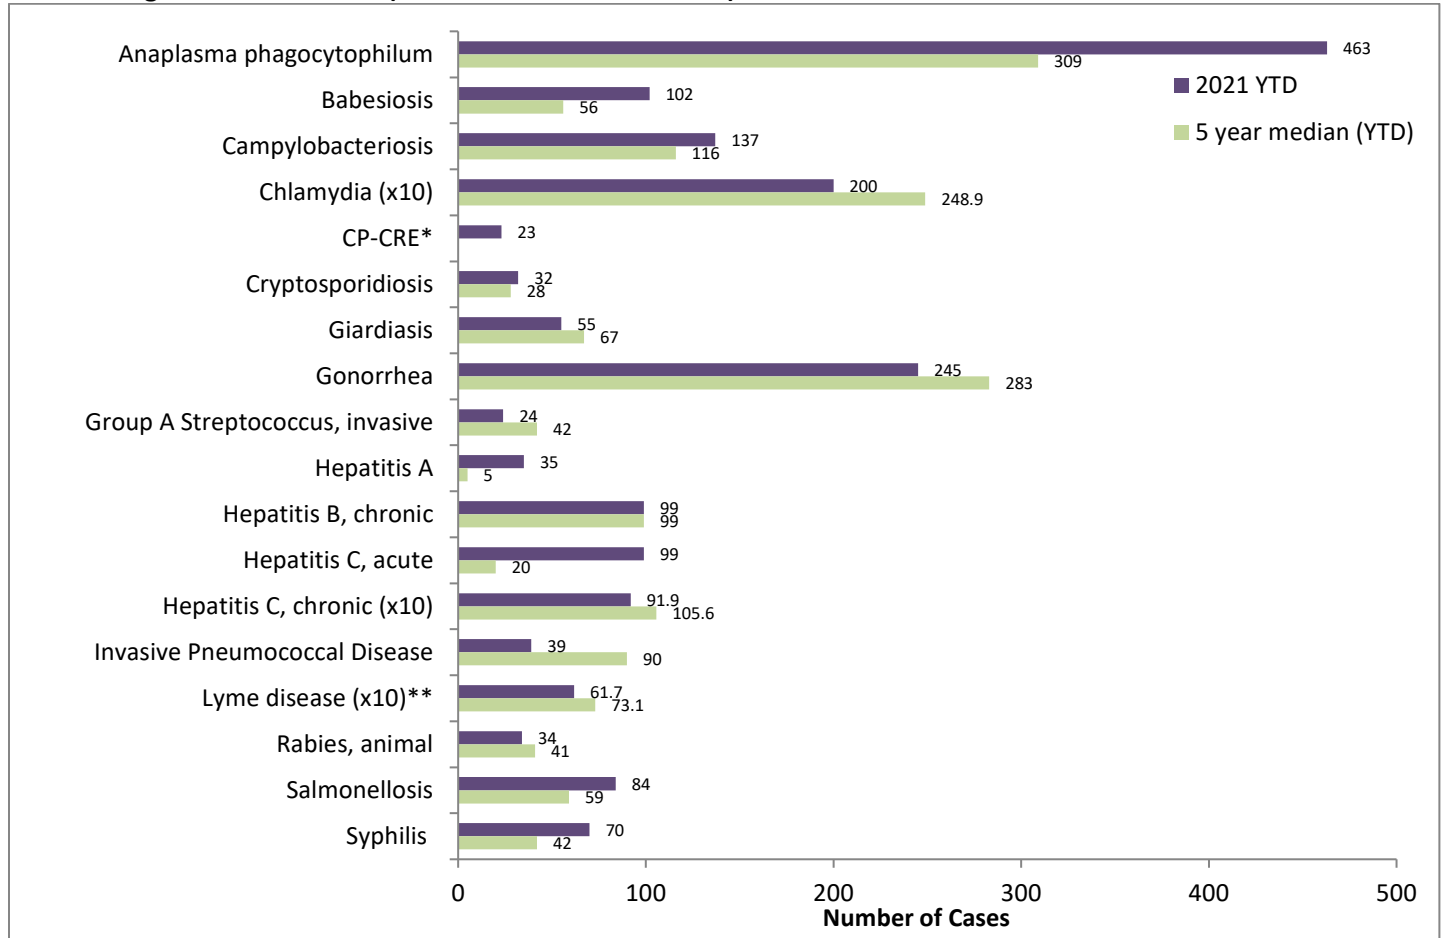

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 08/9/2021

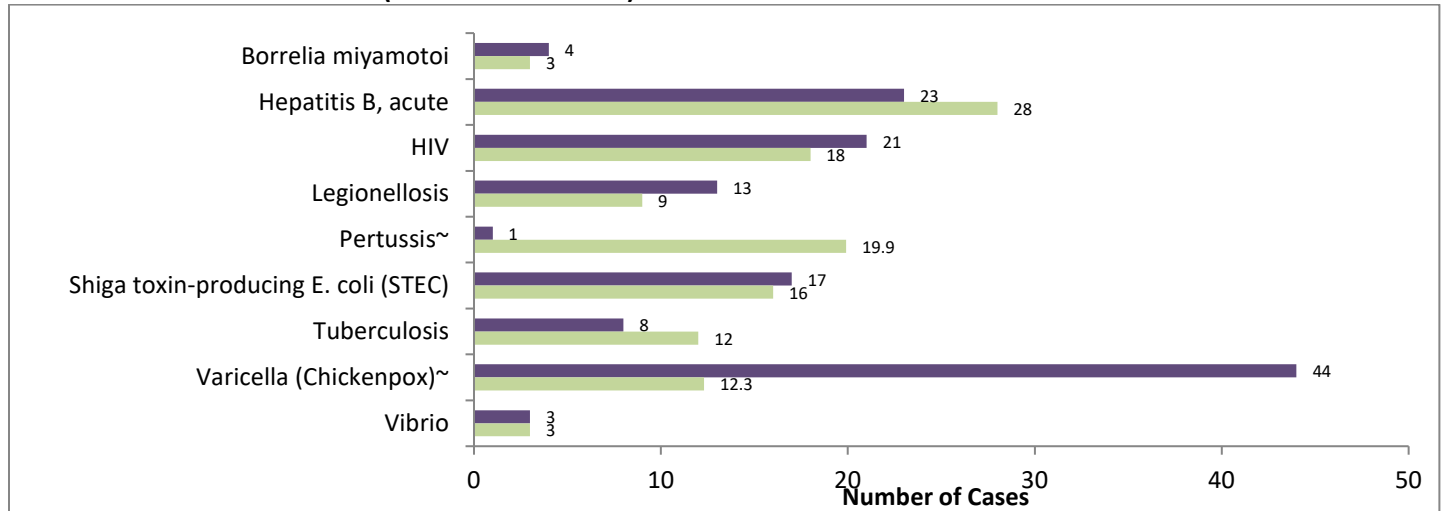

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through July 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

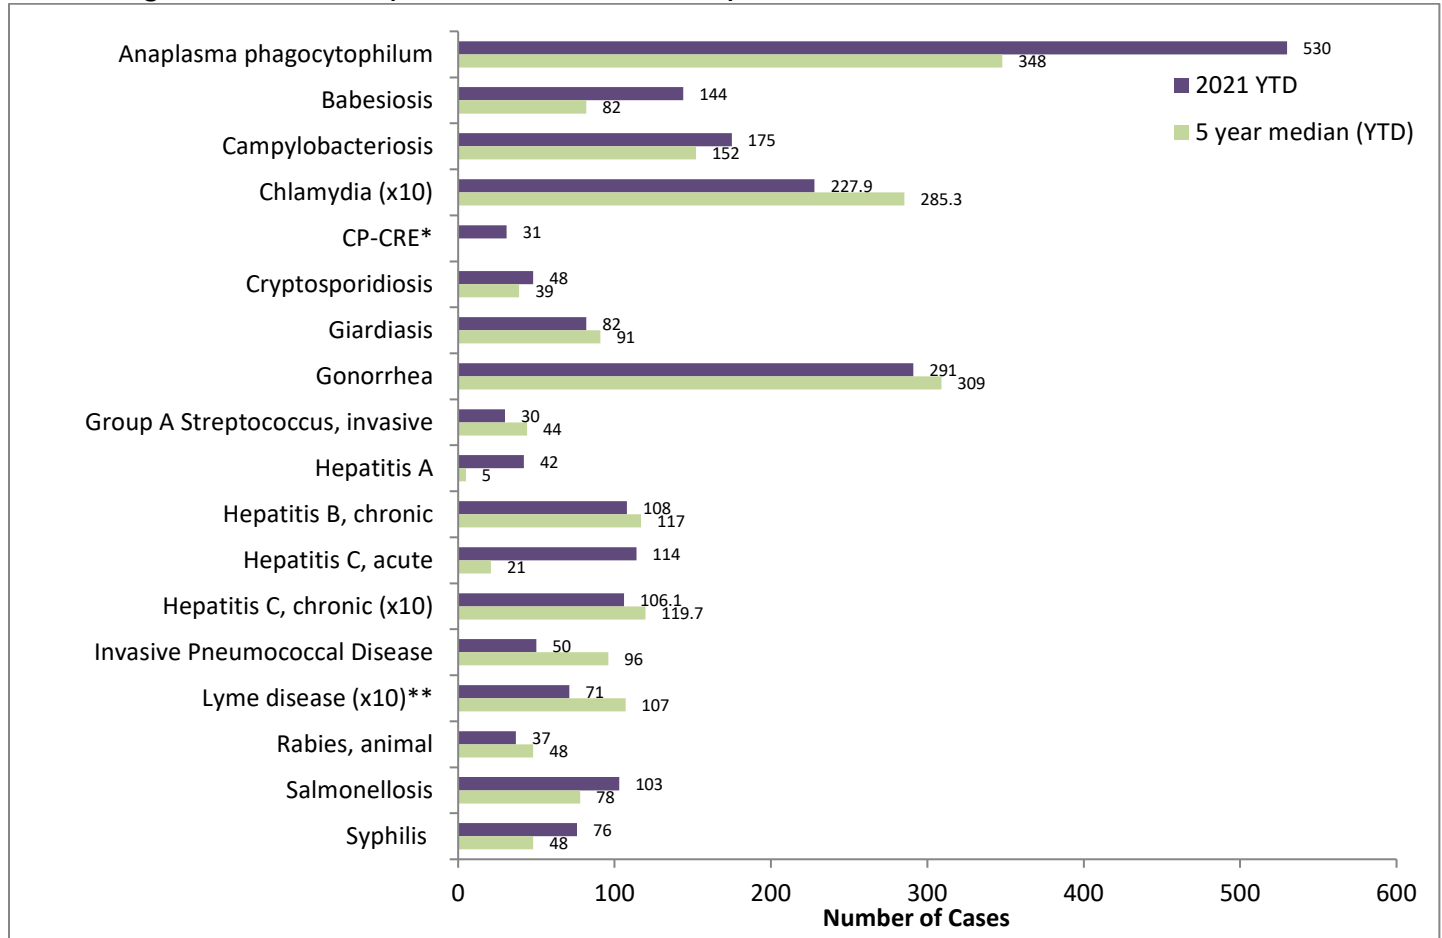

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 08/28/2021

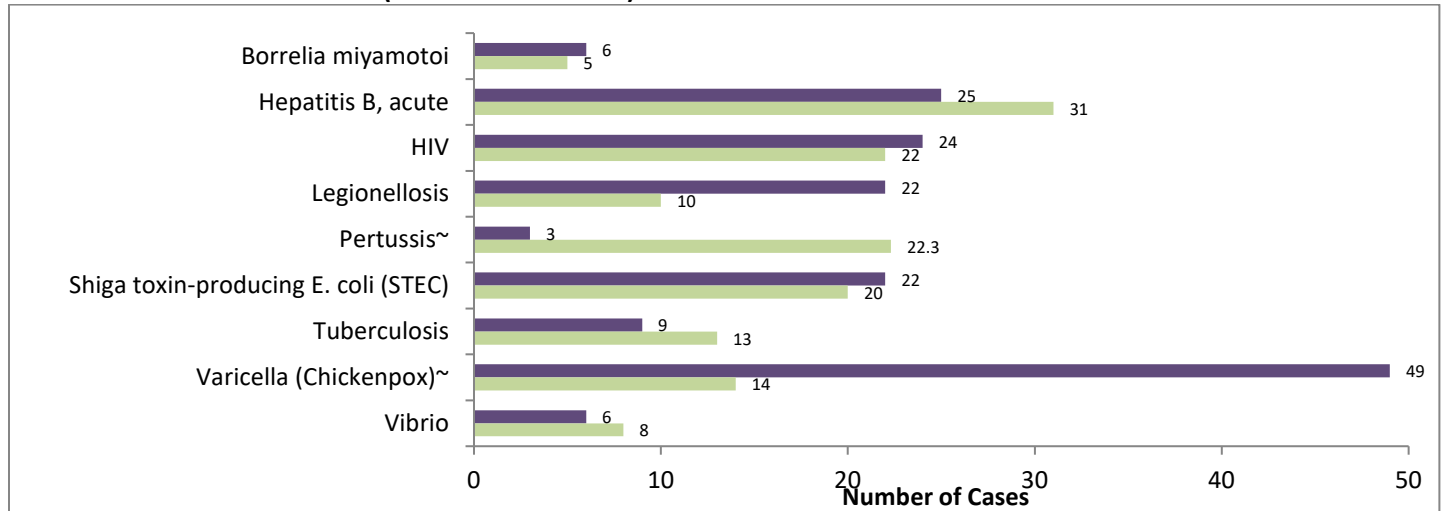

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through August 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and may take several months for cases to be counted

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

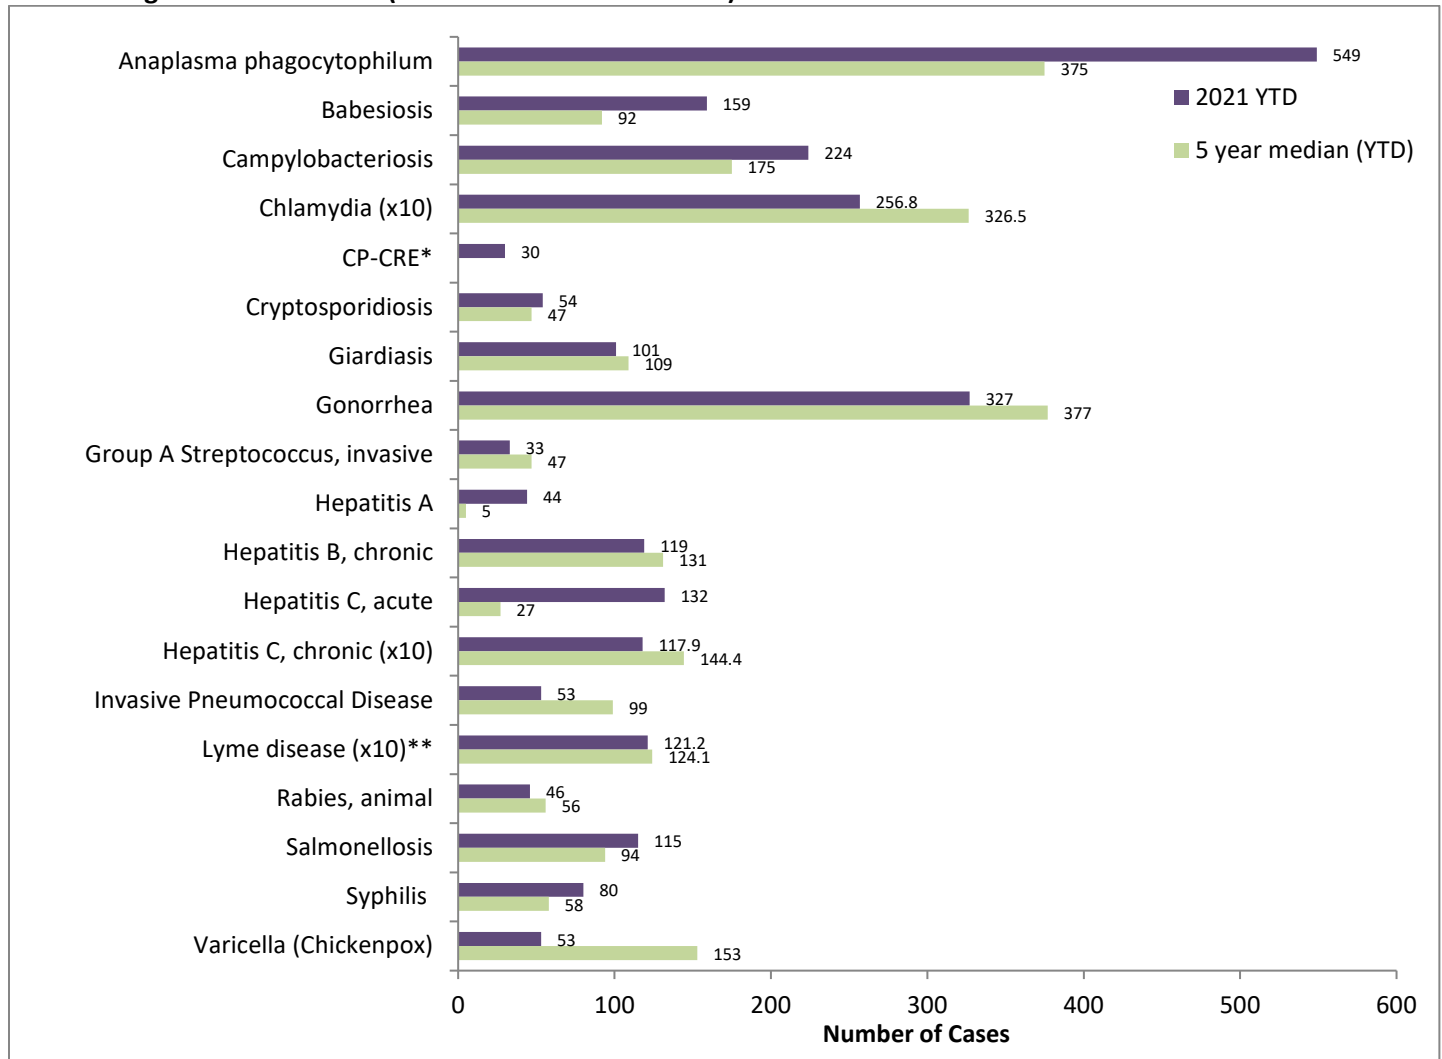

Data are preliminary as of 09/18/2021

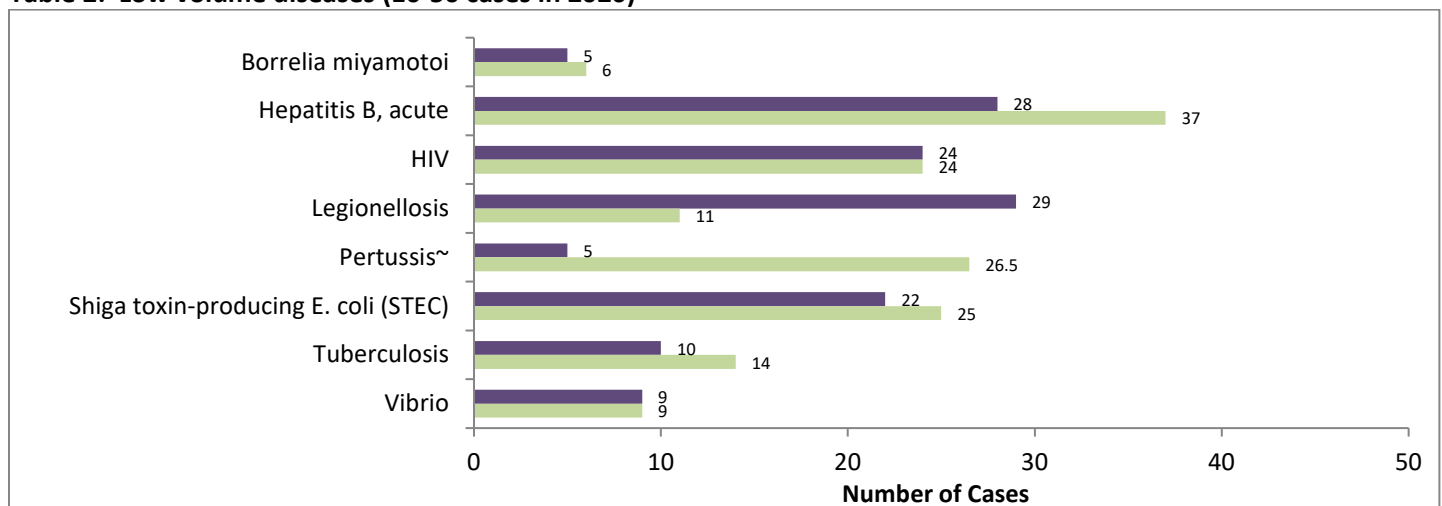

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through September 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and make take several months for cases to be counted

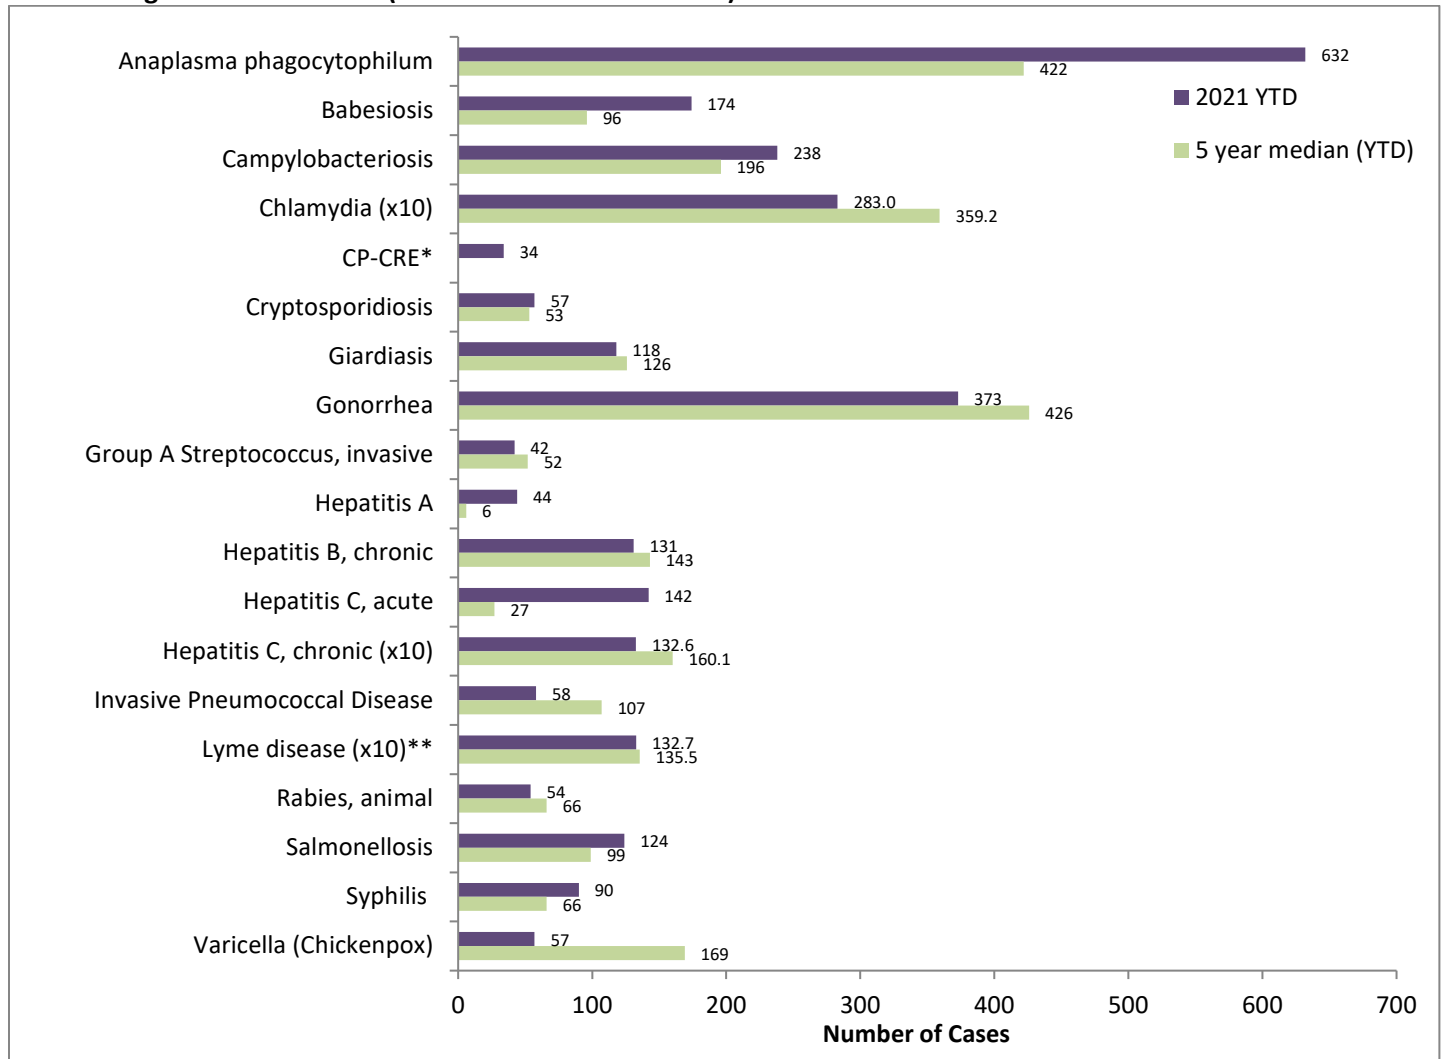

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 07/15/2022

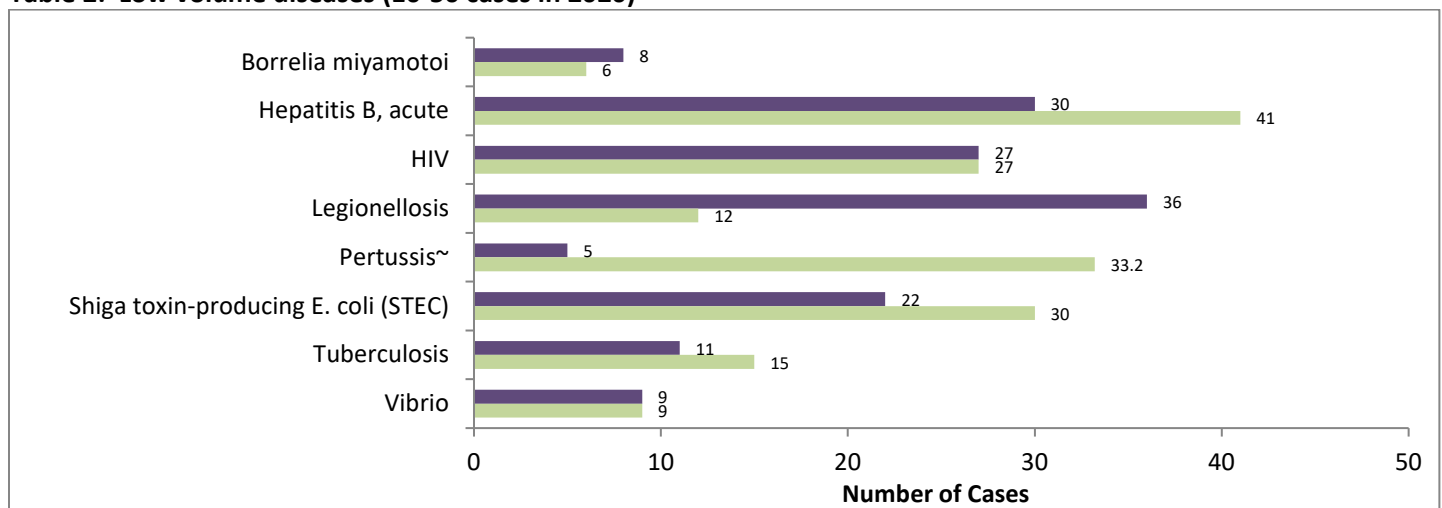

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through October 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and make take several months for cases to be counted

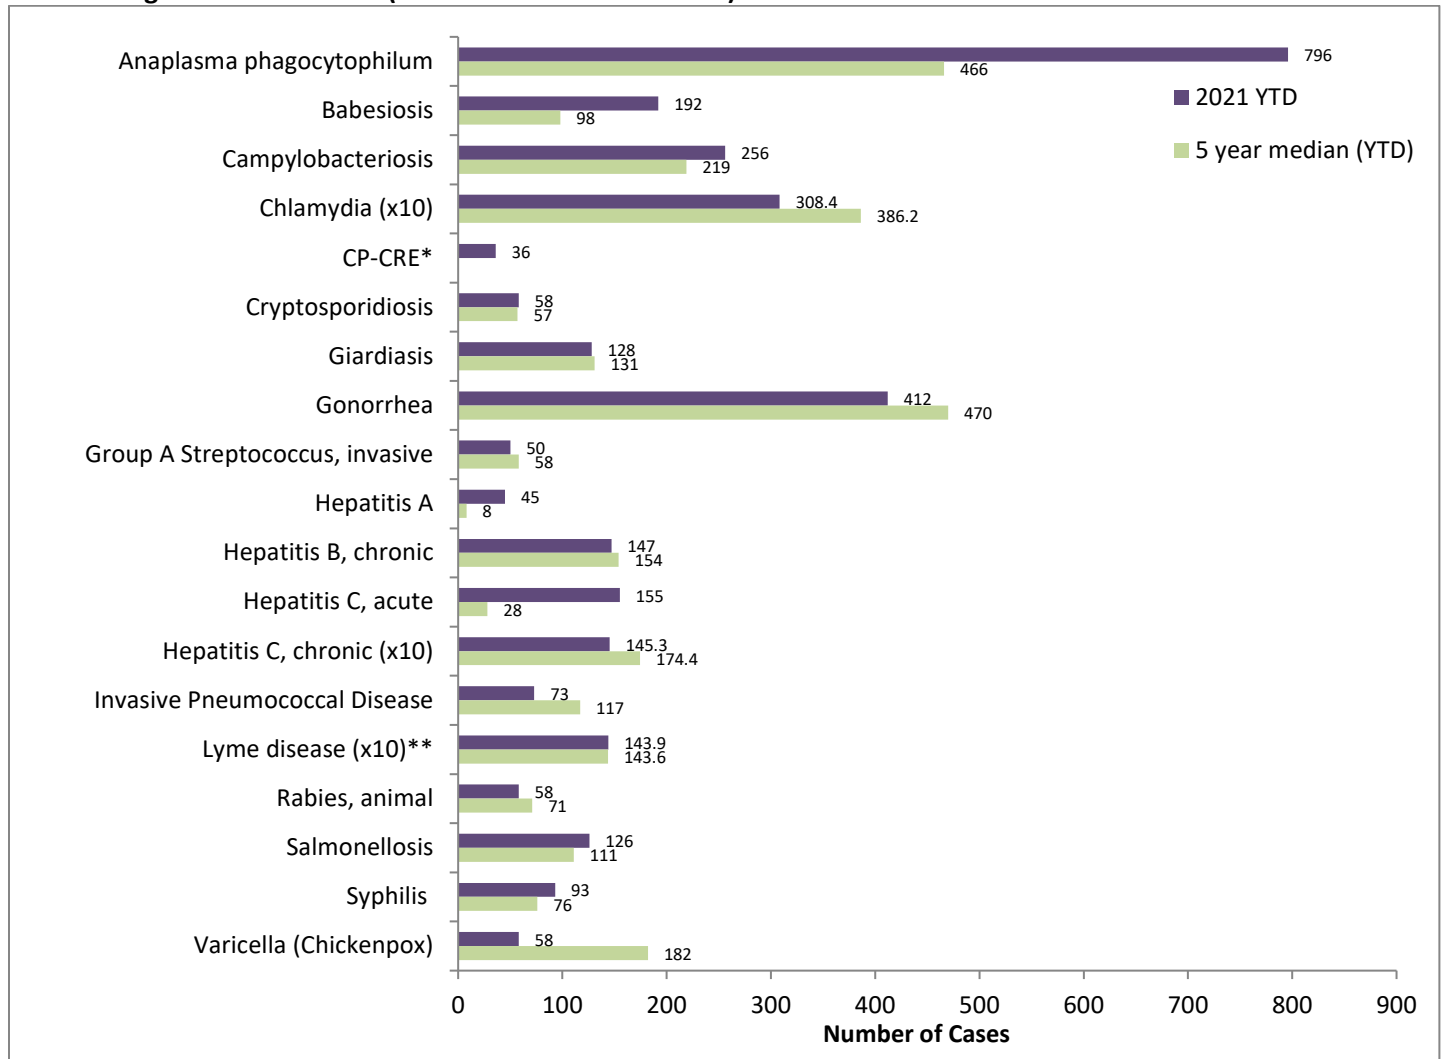

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 07/15/2022

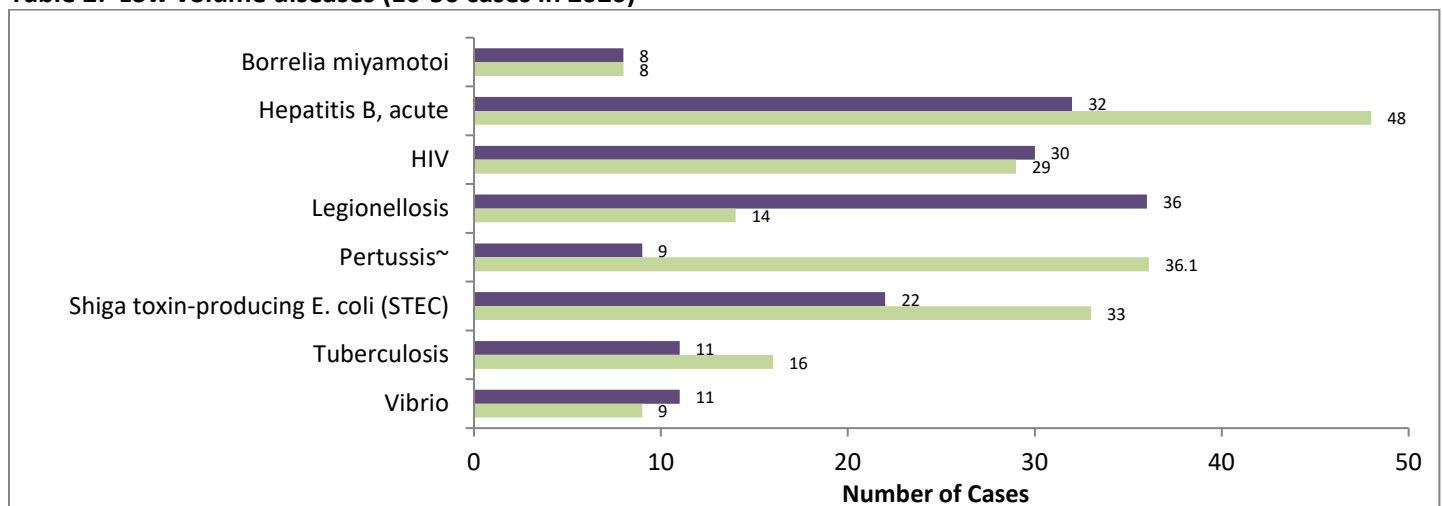

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through November 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and make take several months for cases to be counted

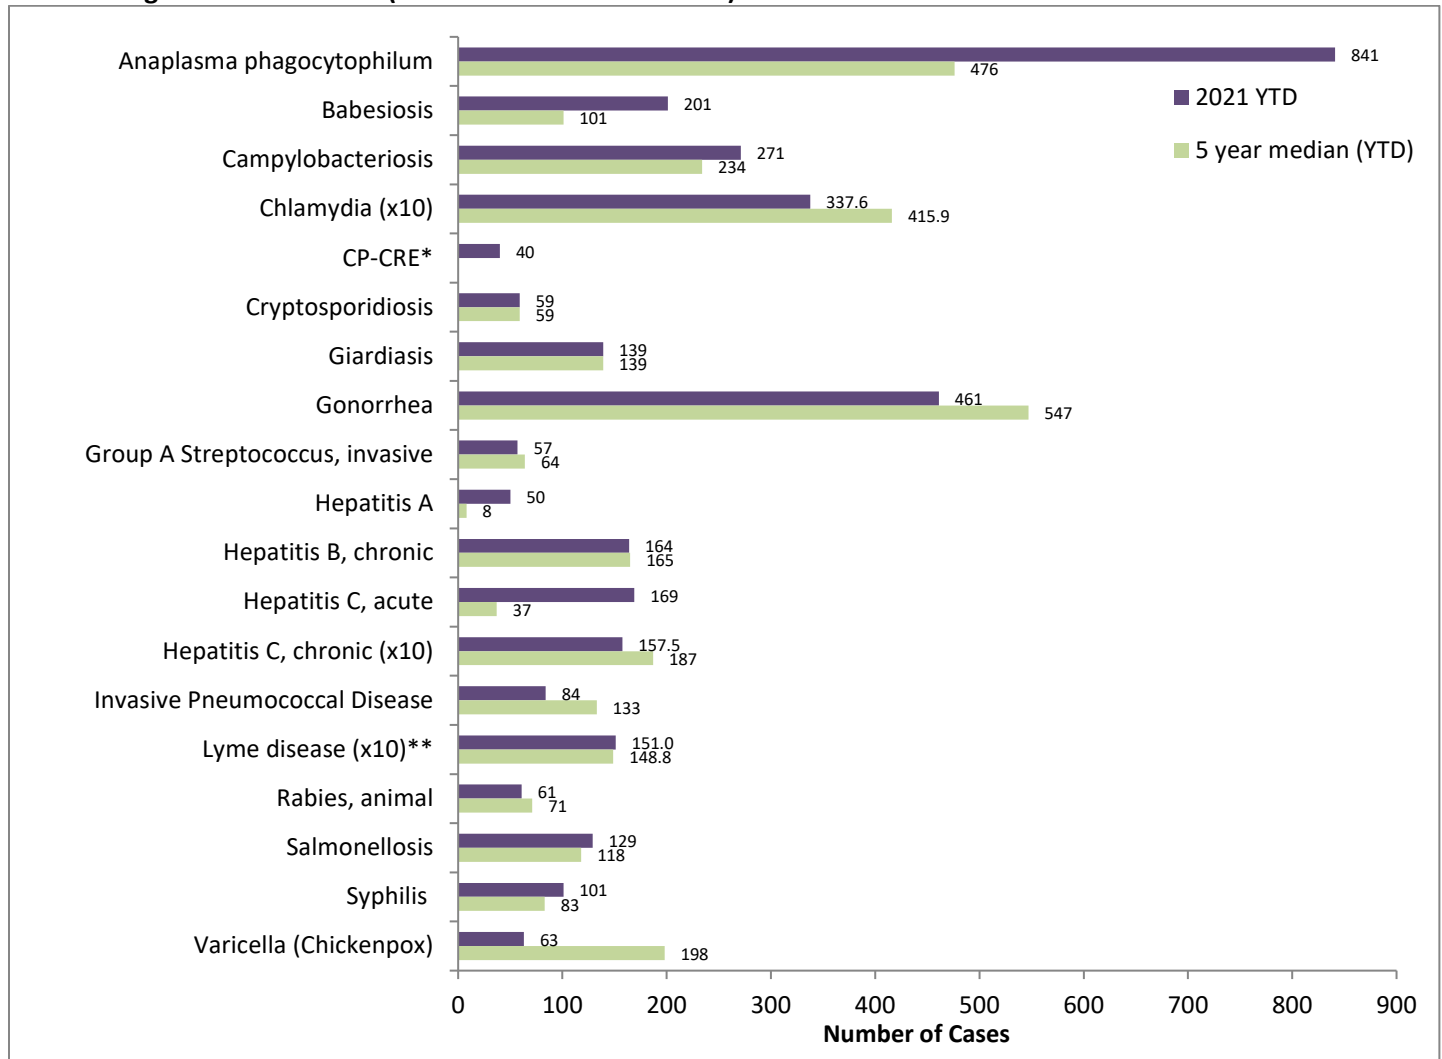

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 07/15/2022

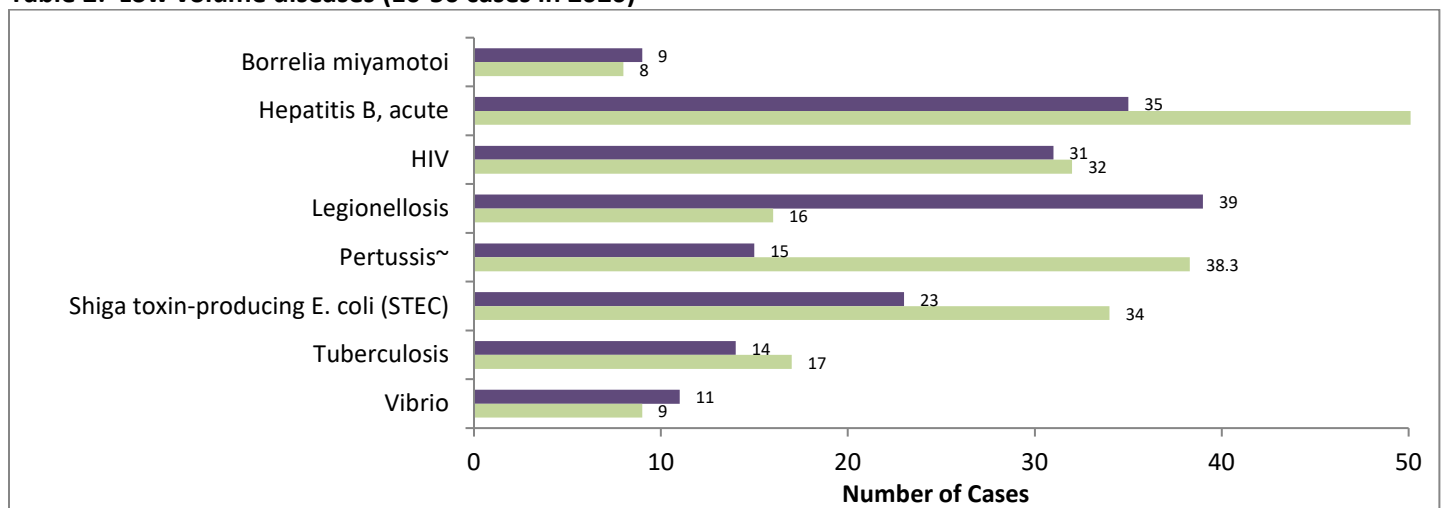

# Selected Reportable Diseases in Maine, Year to Date (YTD) and Five Year Median through December 2021

**Table 1: High volume diseases (more than 50 cases in 2020)**

**Table 2: Low volume diseases (10-50 cases in 2020)**

\*CP-Carbapenem-resistant Enterobacteriaceae (CP-CRE) does not have a 5-year median available as the notifiable condition changed in 2021

\*\*Lyme disease surveillance is a passive system and make take several months for cases to be counted

~Pertussis and Varicella 5-year medians require (x10) multiplier, but current year is not multiplied

Data are preliminary as of 07/15/2022
