

Maine Weekly Arboviral Surveillance Report

September 24, 2024

January 1, 2024 – September 21, 2024:

Local Arboviral Activity

Humans – Endemic arboviral illnesses

	Number Tested	WNV positive	EEE positive	JCV positive	POW positive
Current Week	1	0	0	0	0
2024 Year to Date	77	2*	0	0	4

EEE, JCV, and WNV are endemic mosquito-borne arboviruses. POW is the only endemic arbovirus spread by ticks in Maine.

Human arboviral testing performed at Maine's Health and Environmental Testing Laboratory (HETL). Testing may be performed year round. Number tested only reflects testing performed at HETL. Confirmation testing performed at CDC Fort Collins

* Confirmatory testing for one case is pending

Humans – Travel-associated arboviral illnesses

	CHIK positive	DEN positive	OROV positive	ZIK positive
Current Week	0	1	0	0
2024 Year to Date	0	4	0	0

Imported arboviral testing may be performed at HETL, CDC Fort Collins, or other national reference laboratories

Animals

	Number Tested	WNV positive	EEE positive
Current Week	36	19	2
2024 Year to Date	83	34	10

Animal arboviral testing may be performed at HETL, through the University of Maine Veterinary Diagnostic Laboratory, or through the National Veterinary Services Laboratory (NVSL); testing may be performed year round

Mosquitoes – Endemic arboviruses

	Pools Tested	WNV positive	EEE positive	JCV positive
Current Week	71	1	1	0
2024 Year to Date	1189	1	1	4

Mosquito EEE and WNV testing performed at HETL; mosquito JCV testing performed at CDC Fort Collins; mosquito collection begins June 1 and continues through September 30

Only completed testing is included in this report.

EEE = Eastern Equine Encephalitis

CHIK = Chikungunya

DEN = Dengue

JCV = Jamestown Canyon Virus

OROV = Oropouche Virus

POW = Powassan

SLE = Saint Louis Encephalitis

WNV = West Nile Virus

ZIK = Zika

2024 Maine positive results

Surveillance	Species	Collection Date	Town	County	Agent
Human		1/2/2024		Kennebec	POW
Human		3/28/2024		Lincoln	POW
Human		4/30/2024		York	POW
Mosquito	<i>Aedes abserratus/punctor</i>	5/23/2024	Alfred	York	JCV
Mosquito	<i>Aedes communis/sticticus</i>	5/30/2024	Orono	Penobscot	JCV
