

SIM Medicare Proposal Oversight Committee (MPOC)

Agenda

May 17, 2016

Maine Medical Association

Purpose

The primary purpose of this meeting is to explore interest in CPC+ especially among providers and begin to explore what a Maine Medicare Alignment Proposal might look like.

Agenda

- 9:00 **Welcome and Introductions**
Facilitator Craig Freshley will explain the agenda for today and a few ground rules for a productive meeting. We will do quick introductions.
- 9:15 **CPC+ Perspectives**
Continuing our discussion from the May 4 meeting we begin with clarifications about the opportunity and then share perspectives about CPC+ especially among providers. How are people thinking of responding to this opportunity? We don't expect any commitments but it will be helpful to share perspectives with each other.
- 10:00 **Exploring a Maine Proposal for Medicare Alignment**
We will begin by understanding the six criteria mandated by CMS. We will then brainstorm a short list of potential elements that a Maine proposal might include. We will identify areas of general agreement and questions yet to be answered.
- 10:50 **Closing Comments**
Any Interested Parties who wish to make a comment will be invited to do so. Time will be limited depending on how many parties wish to make a comment. There will also be an opportunity for any Committee Member to make a brief closing comment.
- 11:00 **Adjourn**
