

Maine Questions

- Clarify what new or modified obligations states have, as lawful holders of SUD data, under the new rule.
- Verify that using the CMS/ResDAC filter would meet the 42CFR Part 2 rules for redaction of SUD claims.
- Confirm that claims for SUD services provided by a Part 2 provider are the claims that would be subject to redaction, not all the claims association with a person who had a SUD diagnosis somewhere in their history.
- Provide guidance for how to identify Part 2 providers, including clarification of how Part 2 providers self-identify
- Provide further explanation for the means for states to meet the research exception criteria
