PATRICK C. KELIHER
COMMISSIONER

Shellfish Harvesting Area Classification-Notification of Changes

August 21, 2020

This notice is in effect until repealed or replaced

Ladies and Gentlemen:

Under the authority of 12 M.R.S.A. § 6172; the Commissioner has made the following classification change to Area No. 39, Blue Hill Harbor and vicinity (Brooklin, Sedgwick, Blue Hill): This change reclassifies the Conditionally Restricted area by Holden Point (Blue Hill) to Conditionally Approved area due to water quality meeting approved standards during the open status. An interactive map that allows the user to zoom in to specific areas can be found on the ME DMR website: <https://www.maine.gov/dmr/shellfish-sanitation-management/maps/index.html>. All existing pollution and biotoxin closures remain in effect.

The boundary descriptions of the area are as follows (struck text is being removed and underlined text is being added):

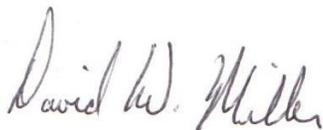

- A. Effective immediately, because of pollution, it shall be unlawful to dig, take or possess any clams, quahogs, oysters mussels or whole or roe-on scallops from the shores, flats and waters of the following Prohibited area(s):
1. Blue Hill Harbor (Blue Hill): north of a line beginning at the west tip of Sculpin Point and running southwest to the east tip of Parker Point; AND south of a line beginning at the south tip of the point of land at the eastern side of the bridge over Mill Stream on Route 172/176 in downtown Blue Hill, then running southeast to the southwest prominence of Peters Point; AND south of a line that begins on the east tip of Peters Point running northeast to a red painted post located on the shore of a prominent point of land on the north shore of Blue Hill Harbor.
 2. McHearde Cove (Blue Hill): northwest of a line beginning at a red painted post located on the western shore at the mouth of McHearde Cove, and then running northeast to a red painted post on the east shore of Curtis Cove, approximately 340 yards from the center of the culvert located at the head of the cove on the Curtis Cove Road.
 3. Western Blue Hill Bay (Blue Hill): west of a line beginning at the easternmost point of High Head, then running northeast to the most eastern tip of Sand Point (Blue Hill).
- B. Effective immediately, because of pollution, it shall be unlawful to dig, take or possess any clams, quahogs, oysters, mussels or whole or roe-on scallops from the shores, flats and waters of the following Restricted area(s) without a special MDMR permit:
1. Bragdon Brook (Blue Hill): west of a line beginning at a red painted post located approximately 315 yards from the center of the culvert on the Parker Point road on the southern shore of the cove into which Bragdon Brook empties, then running north to a red painted post approximately 335 yards from the center of the culvert on the Parker Point road on the northern shore of the cove into which Bragdon Brook empties.
- C. Effective immediately, because of proximity to a WWTP, it shall be unlawful to dig, take or possess any clams, quahogs, oysters, mussels or whole or roe-on scallops from the shores, flats and waters of the following Conditionally Restricted area(s) without a special MDMR permit and following any malfunction/CSO event at the Blue Hill Wastewater Treatment Plant. For current status, please refer to

the Statewide Conditional Area Closure Notice on the DMR website:
<http://www.maine.gov/dmr/shellfish-sanitation-management/closures/pollution.html>.

1. Blue Hill Harbor (Blue Hill): north of a line beginning at the south tip of the point of land at the eastern side of the bridge over Mill Stream on Route 172/176 in downtown Blue Hill, then running southeast to the southwest prominence of Peters Point.
 2. Blue Hill Harbor (Blue Hill): north of a line beginning at the eastern prominence of Peters Point then running northeast to a red painted post located on a prominent point of land on the north shore of Blue Hill Harbor.
 3. ~~Holden Point (Blue Hill): west of a line beginning at the northeast tip of Holden Point, then running north to the southeast tip of Kneisel Point.~~
- D. Effective immediately, because of seasonal pollution, it shall be unlawful to dig, take or possess any clams, quahogs, oysters, mussels or whole or roe-on scallops from the shores, flats and waters of the following Conditionally Approved area(s) during the closed dates:
1. Blue Hill Salt Pond (Blue Hill, Sedgwick, Brooklin): north and west of a line beginning at a red painted post located at the northeast mouth of the cove into which Carleton Stream empties (Blue Hill), running southwest to the tip of an unnamed prominent point approximately 190 yards northwest of the west tip of Carleton Island. This area is closed June 1 through November 30.
- E. Effective immediately, because of proximity to a WWTP, it shall be unlawful to dig, take or possess any clams, quahogs, oysters, mussels or whole or roe-on scallops from the shores, flats and waters of the following Conditionally Approved area(s) following a malfunction/CSO event at the Blue Hill Wastewater Treatment Plant. For current status, please refer to the Statewide Conditional Area Closure Notice on the DMR website: <http://www.maine.gov/dmr/shellfish-sanitation-management/closures/pollution.html>
1. Blue Hill Harbor (Blue Hill): south of a line beginning at the west tip of Sculpin Point and running southwest to the east tip of Parker Point; AND north of a line beginning at the south tip of Woods Point, then running southwest to the northeast tip of Holden Point, ~~then running north to the southeast tip of Kneisel Point.~~
