Shellfish Harvesting Area Classification-Notification of Changes

June 30, 2017

Ladies and Gentlemen:

Under the authority of Maine statute 12 M.R.S.A., Chapter 607, Section 6172; the Commissioner has made the following changes to Area No. 55-A Holmes Bay (Whiting and Cutler); this notice changes a portion of the Restricted area in northern Holmes Bay to Approved due to water quality meeting approved standards. All existing pollution and red tide/PSP closures remain in effect.

The boundary descriptions of the area are as follows (struck text is being removed and underlined text is being added):

- B. Effective immediately, because of pollution, it shall be unlawful to dig, take or possess any clams, quahogs, oysters or mussels from the shores, flats and waters of the following Restricted area(s) without a special MDMR permit:

~~1. North Holmes Bay (Whiting, Cutler): north of a line beginning at a red painted post located approximately 400 yards east of the Machiasport-Whiting town line and running east to the western most point of land on the north side of Huntley Creek (Cutler).~~ North Holmes Bay (Whiting): north of a line beginning at the southern tip of an un-named point of land, located directly across Route 191 from Looks Cemetery, then running southwest to a red-painted post, located at the high tide mark, 1200 feet east of the Machiasport-Whiting town line.

2. Holmes Stream (Whiting/Cutler): northeast of a line beginning at the western tip of an un-named point on the north side of Huntley Creek (Cutler), then running northwest to the southern tip of land on the north shore of the mouth of Holmes Stream (Cutler).
