Shellfish Harvesting Area Classification-Notification of Changes

August 21, 2020
This notice is in effect until repealed or replaced

Ladies and Gentlemen:

Under the authority of 12 M.R.S.A. § 6172; the Commissioner has made the following classification change to Area No. 9, Sampson Cove to Fortunes Rocks (Kennebunkport and Biddeford). This notice modifies the boundary line for Batson River and Smith Brook. An interactive map that allows the user to zoom in to specific areas can be found on the ME DMR website: https://www.maine.gov/dmr/shellfish-sanitation-management/maps/index.html. All existing pollution and biotoxin closures remain in effect

The boundary descriptions of the area are as follows (struck text is being removed and underlined text is being added):

A. Effective immediately, because of pollution, it shall be unlawful to dig, take or possess any clams, quahogs, oysters, mussels or whole or roe-on scallops taken from the shores, flats and waters of the following Prohibited areas:

1. Biddeford: west of a line beginning at the point of land to the east of Elizabeth Road (Biddeford), at the end of Fortunes Rocks; then running southwest to the east tip of Hoyt Neck (Biddeford); then running southwest to the easternmost tip of Timber Point (Biddeford); then running to the eastern most point on Timber Island (Biddeford); AND east of a line beginning at the western most point of land on Timber Point running south to the northernmost point of land on Timber Island (Biddeford)

2. Little River (Kennebunkport): west of a line beginning at a red painted post located on the shore at the end of Sand Point Road, then running northeast across the opening of the southwestern channel to a red painted post attached to Central Maine Power telephone pole No. 25.

3. Stage Island (Kennebunkport): north and east of a line beginning approximately 20 yards from the end of Skipper Joes Point Road running southeast to the northern most point of land on Stage Island, AND west of a line beginning at the northern most point of land on Stage Island running northwest to the easternmost point of land off Skipper Joes Point Rd.

4. Batson River (Kennebunkport): northwest of a line beginning at the northern most point of land on Tidal Shore Drive running north to the northern shore.

B. Effective immediately, because of pollution, it shall be unlawful to dig, take or possess any clams, quahogs, oysters, mussels or whole or roe-on scallops taken from the shores, flats and waters of the following areas. These areas are classified Restricted and harvest requires a special MDMR permit:

1. Batson River and Smith Brook (Kennebunkport): west of a line beginning at a red painted post approximately 213 yards west of the southern end of Kings Highway running southwest to a red
painted post on the northern point of land on the opposite shore; AND east of a line beginning at the northern most point of land on Tidal Shore Drive running due north to the opposite shore.

2. Sampson Cove (Kennebunkport): west of a line beginning approximately 20 yards from the end of Skipper Joes Point Road running southeast to the northern most point of land on Stage Island, AND north and west of a line beginning at the southwestern most tip of Stage Island running southwest to the northwestern tip of Trott Is; AND north and east of a line beginning at the northwestern tip of Trott Island running northwest to the northern tip of Bickford Island; AND east of a line formed by the Pier Rd causeway to Bickford Island.
