2024	204,790,293	719,190,786	\$769,711,825.98
2025*	169,400,803	619,053,489	\$619,053,489.00

*updated 2/6/2026

*2025 data are preliminary

*reporting requirements for different species varied from year to year

Adjusted value utilizes producer price index for unprocessed seafood to represent 2025 values.
