CREATING A POSITIVE REPORT USING THE VESL HARVESTER APPLICATION

The ME DMR VESL Harvester Application uses a dynamic form, which means the fields you are required to fill out are dependent on the gear you select. Only the fields you are required to report will be displayed.

- 1. After you have logged into (or opened) the application you are presented with three options:
 - A. "FIND REPORT" allows you to search on previously created reports.
 - B. "CREATE REPORT" opens the applications reporting screen.
 - C. "CREATE DID NOT FISH" will bring you to the VESL website (requires active internet connection) to create and submit your "did not fish" reports.

The report will upload immediately if you are connected to the internet/have cell service, or it will save to your phone until you are connected to the internet/regain cell service and go back into the application. If you are not connected to the internet when completing your report, you will need to open the program when reconnected to the internet/regain cell service to automatically submit any unsent reports.

JJ. Once the report is submitted, click on the back arrow in the upper left corner and you will return to the home screen. You will see "WITHDRAW" at the bottom of the screen. You should only click this if you realized you made a mistake on the report and need to make changes.

TIPS FOR CREATING A POSITIVE REPORT USING THE VESL HARVESTER APPLICATION

Frequent selections:

After your first submission, the program remembers your frequently selected gear types, species, catch disposition and port landed. These selections float to the top of the list to make it easier to report.

Entering fields correctly

For more information on what values to enter in each field of your report, please see <u>NOAA Fisheries' Electronic Vessel</u> <u>Trip Report (eVTR) Reporting Instructions</u>. Relevant information can be found on pages 16 – 21. <u>For lobster/crab</u> <u>reporting, refer to the instructions for pot gear, not traps.</u> If the link above does not work, click <u>here</u> and navigate to the Electronic Vessel trip Reporting (eVTR) Instructions link on that page:
