If the scoping session listed above is cancelled, an alternate scoping session will be held on June 14, 2022, at the same time and location. Notice of a cancellation will be posted to:
<https://www.maine.gov/dmr/index.html>.

What is a scoping session?

A scoping session is a meeting where the applicants will explain their tentative proposals to members of the public. It's an opportunity for members of the public to provide feedback on the proposals, prior to the applicants submitting final applications and an eventual public hearing. **This meeting does not determine whether the proposals will be granted.**

How to participate:

You can attend the session or contact the applicants directly. A copy of the draft lease applications, which includes contact information are available at:
<http://www.maine.gov/dmr/aquaculture/leases/draftstandardapps.html>.
