

STATE OF MAINE
DEPARTMENT OF MARINE RESOURCES
21 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0021

CARL J. WILSON
COMMISSIONER

Date: June 18, 2026

To: Town of Long Island Municipal Officials and Harbormaster
Lease applicant
Riparian (shorefront) landowners within 1,000 ft. of proposed aquaculture lease site
ME IF&W, and DAF
GovDelivery

From: Department of Marine Resources (DMR) Aquaculture Division

Re: Notice of Completed Application

The DMR has received a completed standard lease application for the following:

Applicant	Shearwater Ventures, LLC		
Culture Type	☐ Bottom culture (No gear) ☒ Suspended culture (Bottom and/or surface gear)		
Species	☐ Shellfish ☒ Marine algae ☐ Finfish ☐ Other		
Waterbody, Town	Casco Bay, Long Island		
Lease Size and Term	15.43 Acres	20 Years	

The next step in the review process is a required site visit. DMR scientists will visit the proposed lease site and assess the area in consideration of applicable lease decision criteria. After the site review is complete, a site report will be published and posted to DMR's website. A public hearing will then be scheduled. The public hearing is an opportunity for members of the public to provide testimony and evidence about the proposal as it relates to the criteria DMR must legally consider in evaluating a standard lease. At this juncture, DMR is unable to estimate when a public hearing will be scheduled but notice of the proceeding will be provided in accordance with applicable law.

RIPARIAN LANDOWNERS: This notice is sent to shorefront owners whose property boundaries are within 1,000 feet of the proposed lease site. The law requires that this notice and any subsequent notices be mailed to riparian landowners at the address on the riparian list contained in the application. Please note that the address on that list is based on municipal tax records in accordance with law. To receive updates via email, please sign up at the link below. Updates can be filtered by coastal county or statewide. To sign up for electronic updates:
