Fran Smith, Town Clerk
85 Union Street
Brunswick, ME 04011-1581

Re: Transplant Permit

Dear Ms. Smith:

This letter is in response to your request to transplant seed clams as follows:

Start	Stop	Source	Species	Destination	Supervisor	Approved
11/7/2024 09:00 AM	11/9/2024 3:00 PM	KRAM417	Quahogs	Western Maquoit Bay	Dan Devereaux	✓

We recognize you intend to plant quahogs without implementing a conservation closure or predator protection. We will be anticipating the results of your follow-up quahog surveys to evaluate the effectiveness of the effort.

This letter will serve as permission for the above activity provided that the listed Supervisor contacts, 24 hours before the start of the activity, the Municipal Shellfish Warden, the Marine Patrol Officer responsible for this area and the Marine Patrol Division I Office at 633-9595. You may call the Division I Office in advance to determine who will be the local officer on duty and obtain direct contact information.

If DMR can be of further assistance, please don't hesitate to contact me or your marine resource scientist, Ari Leach at (207) 350-7061.

Sincerely,

Kohl Kanwit
Bureau of Public Health and Aquaculture Director

cc: Ari Leach, Marine Resource Scientist II
Lt. Daniel White, Marine Patrol Division I
