Fran Smith, Town clerk
P.O. Box 39
Harpwell, ME 04079

Re: Transplant Permit

Dear Ms. Smith:

This letter is in response to your request to transplant seed clams as follows:

Start	Stop	Source	Species	Destination	Supervisor	Approved
6/29/2023 12:00 PM	6/30/2023 4:00 PM	Maquoit Bay (Muscungus Bay AQ)	Quahogs	WJ Maquoit Bay	Dan Sylvain Warden	√

We recognize you intend to plant the quahogs without implementing a conservation closure or predator protection. We will be anticipating the results of your follow up quahog surveys to evaluate the effectiveness of the effort.

This letter will serve as permission for the above activity provided that the listed Supervisor contacts, 24 hours before the start of the activity, the Municipal Shellfish Warden, the Marine Patrol Officer responsible for this area and the Marine Patrol Division I Office at 633-9595. You may call the Division I Office in advance to determine who will be the local officer on duty and obtain direct contact information.

If DMR can be of further assistance, please don't hesitate to contact me or your marine resource scientist, Ari Leach at (207) 350-7061.

Sincerely,

Meredith White
Nearshore Marine Resources Program Supervisor

cc: Ari Leach, Marine Resource Scientist II
Lt. Daniel White, Marine Patrol Division I
