Wells, ME 04090

Re: Transplant Permit

Dear Ms. Schaack:

This letter is in response to your request to transplant seed clams as follows:

Start	Stop	Source	Destination	Supervisor	Approved
04/22/2022 6:00 AM.	04/22/2022 10:00 AM.	DEI	An area on the Eastern Shore of Wells starting at a point 43.36527778 x - 70.73722222 at the southern end of town parking lot on Atlantic Ave running southerly along the low tide line for 474ft. then running easterly to the sea wall. Then running northerly along the sea wall for 400ft. terminating at the parking lot.	Michael Yorke - Warden	√

Note: Areas seeded with clams taken from Restricted areas must be closed for a period of 60 days, clams taken from Prohibited areas must be closed for a period of at least 6 months. This applies to any transplant listed above where 'Approved' is NOT checked.

This letter will serve as permission for the above activity provided that the listed Supervisor contacts, 24 hours before the start of the activity, the Municipal Shellfish Warden, the Marine Patrol Officer responsible for this area and the Marine Patrol Division I Office at 633-9595. You may call the Division I Office in advance to determine who will be the local officer on duty and obtain direct contact information.

If DMR can be of further assistance, please don't hesitate to contact me or your area biologist, Pete Thayer at 207-633-9539.

Sincerely,

A handwritten signature in black ink, appearing to read "Denis-Marc Nault". The signature is fluid and cursive, with the first name "Denis" being the most prominent.

Denis-Marc Nault
Shellfish Management Program Supervisor

cc: Pete Thayer, Area Biologist
Lt. Daniel White, Marine Patrol Division I
