Note: Areas seeded with clams taken from Restricted or Prohibited (Closed) areas must be closed for a period of at least 6 months. This applies to any transplant listed above where 'Approved' is NOT checked.

This letter will serve as permission (and must be on-site) for the above activities as provided by M.R.S.A. Section 6675, provided that you contact, on the morning of the proposed activities, the Marine Patrol Officer responsible for this area and/or Marine Patrol at the following location(s):
