- Student technology skills feedback
 - Heavy emphasis on tech skills
 - Creative software
- Padlet activity Student Technology Skills Reflection – what are the needs for implementing software? Provide a star rating (1-5), use comments for clarification/questions
 - 3 categories
 - Students
 - Teachers and Staff
 - Administration/Tech Directors
- Feedback
 - Concerned about time constraints
 - What would be helpful data to gather
 - Discussions on what we want students to be able to do or teachers to help instruct
 - Negotiate state wide pricing
 - Offering pricing thru state purchasing
 - Student data privacy
 - PD for teachers/coaches from vendors
 - What data would you like to have collected
 - Understanding what software is needed
 - What apps are good and work together?
 - Is there a budget?
 - Rating apps on a district level using data that has been collected
 - Free vs paid apps – should we really be spending time talking about free apps
 - Develop a rating scale of software for feedback
 - Survey 7 and 8th grade educators, not just tech directors? How will we keep it equitable for all?
 - Targeted approach for survey – related to specific role
- Action Items -
 - Complete List of Software by 4/1
 - Padlet will be open until 4/1
- End time - 4:03 pm

- Next Meeting 4/13/22, 3 – 4:30 pm
