Management Analyst

Introductions

Name

Title

School District/Organization

An educational app/digital tool/software that you think your students would vote as their favorite

MLTI 2.0 Software Advisory Group

The Mission of MLTI 2.0 Software* is to provide state support and equitable access to technologies that help students move beyond research and word processing and into areas of problem-solving and creativity. MLTI 2.0 Software should align with our Guiding Principles and the goals of MLTI Professional Learning.

What is your role?

To provide guidance / recommendations to the Maine DOE on how to fulfill the mission of MLTI 2.0 Software.

* software is any program or application (app) that is accessed on a device, whether it is installed on the device, accessed online or used through a combination of both.

Group Norms

- Keep and Open Mind
- Stick to Protocols and Hear all Voices
- Start and End on Time
- Be Present
- Assume Positive Intentions
