MERGE EDU

Merge EDU is a hands-on digital teaching aids platform that helps students learn science and STEM with 3D objects and simulations they can touch, hold and interact with.

View research at www.mergeedu.com/effective

100% as effective

Students who use our digital teaching aids perform just as well on tests as those who use physical objects to learn.

2x longer engagement

Students are engaged in learning activities 2x longer than when using traditional methods.

10x faster engagement

Student response time is almost immediate, consistently taking less than one minute for students to provide insightful and relevant feedback.

90% strongly agree

Teachers strongly believe that Merge EDU helps them deliver science learning activities in a more effective, engaging, and meaningful way.

Teaching Aids

The true-to-life digital teaching aids in Merge EDU provide an alternative to physical models that can be used for learning anytime, anywhere. With Merge EDU, every student will have access to an endless shelf of tangible objects that spark curiosity and understanding. Abstract and complex concepts will be easier to understand, and future scientists, engineers, and product designers will learn using hands-on mixed reality tools that unlock powerful new ways to create and collaborate.

Science

- Library of teaching aids for every student
- Simulations and interactive 3D objects
- As effective as real physical models

STEM

- Bring hands-on mixed reality to STEM
- Collaborative career focused projects
- Iterate faster & save cost before 3D printing

Classroom License

30 simultaneous users

\$995 USD/yr for 1-year term

Ask about volume and multi-year discounts!
Pricing is for USA customers, contact us for other countries.
Licenses are subject to an annual setup fee of \$200/campus.

Schoolwide License

Unlimited access for entire school

\$2495 USD/yr for 1-year term

Ask about volume and multi-year discounts!
Pricing is for USA customers, contact us for other countries.
Licenses are subject to an annual setup fee of \$200/campus.
