Session Title
Creating Apps to Make Life Easier

Presenters
Matthew F. (1st place MAC 2023), Yuliya B. (1st place MAC 2022, 6th place MAC 2023), Abigail H. (2nd place MAC 2023), Matthew F. (2023 MAC participant)

Elevator Pitch
Come learn about the exciting experience of participating in the Maine App Challenge. Meet some of this year's winners and participants. Learn more about how to make a basic app that users can benefit from.

Materials

Devices, code.org account

Teacher Expectation

Review basic block coding, and get students set up to be able to join a class on code.org

Overview
Students will hear about the experiences of several Scarborough High School students and their participation in the Maine App Challenge. They will also get to explore App Lab, the platform used to make these apps, and create a mini-app of their own!
