

# How to make a car

## Step 1

Use a hole punch and make 4 holes in your paper towel tube.

## Step 2

Insert sticks in the holes.

## Step 3

Clamp a clothespin on each stick close to the paper towel tube.

## Step 4

Cut out four wheels and punch a hole in the middle of each circle.  
Place wheels on stick.

## Step 5

Place clothespins on the stick close to the wheel.

## Step 6

Add details to your car and try it out on a ramp.
