

## Let's Find Out About It: Reflections On A Surface

### Standards:

ELA.RL.KID.PS.1-3  
ATL.RPS.PS.2-5

### Materials:

- *The Puddle Pail*
- mirror

### Vocabulary:

- reflection
- collect
- puddle
- pail
- mirror
- shiny
- surface

**Preparation:** Set up materials.

### Let's Find Out About It:

"In the *The Puddle Pail*, Ernst and his brother Sol **collected**--gathered-- things in a **pail**. What do you notice?"

"Ernst wanted to **collect** the sky, the sunset, and the stars. What do you notice?"

"He couldn't **collect** those things in a **pail**, so he **collected puddles**. He could see the **reflections** of the sun, sunset, and stars in the water's **surface**."

"What do you predict would happen if Ernst touched the **reflections** in his **pail**?"

"Here is a mirror. I can see a **reflection** of \_\_\_\_\_ in the mirror. What do you predict will happen if I touch the **reflection** of the \_\_\_\_\_?"

"You can see and touch a **reflection** in a **shiny surface**, but can you pick it up or hold it in your hand? Why or why not?"
