

Observing Siblings Directions

Science and Engineering Studio

I can make observations about how sibling animals are the same and different.

1. Write your name on the Live Camera Observation sheet.
2. Choose a live cam to watch. There are eagles, owls, hummingbirds, puppies, and kittens.
3. Write the name of the animal you will observe in the “Animal” box.
4. Watch the camera closely and draw 2 of the siblings. Try to make it as scientific and accurate as you can!
5. Write down 1-2 ways the siblings are the same
6. Write down 1-2 ways the siblings are different.
7. If you have time, choose another animal!
