

## 2020-2021 Maine School Age Immunization Assessment Survey

### WELCOME

**Welcome to the 2020-2021 School Age Immunization Assessment Survey.**

**Maine law (20-A M.R.S.A. 6358, Chapters 126 & 261) requires students enrolled in grades K-12 to be immunized against diphtheria, tetanus, pertussis, measles, mumps, rubella, polio and varicella (chicken pox). Additionally, beginning in 2018, Maine law requires that students enrolled in grades 7-12 be immunized against meningococcal meningitis.**

**EVERY student must have either documented proof of vaccination, laboratory evidence of immunity or a written exemption on file (medical, religious, or philosophical) FOR EACH REQUIRED VACCINE.**

**A CHILD IS NOT LEGALLY ABLE TO ATTEND A SCHOOL IN MAINE WITHOUT A COMPLETE RECORD (either immunizations or exemptions) AND IT IS THE SCHOOL'S RESPONSIBILITY TO ENFORCE! This means by the time this survey is due, you should not be reporting missing records for any child unless they have enrolled within the past 90 days (ex. kindergarten students that were not enrolled in pre-K and any students that have transferred after September).**

**PLEASE WAIT TO SUBMIT UNTIL YOU HAVE OBTAINED ALL RECORDS. SUPERINTENDENTS WILL BE NOTIFIED IF YOUR SURVEY INDICATES ANY MISSING RECORDS AND FOLLOW UP WILL BE REQUIRED TO ENSURE COMPLETED DOCUMENTATION FOR ALL STUDENTS.**

#### **Survey Rules & Tips:**

**All information must be completed on a page before clicking on the "Prev" or "Next" tab. Information will be lost if this is not done.**

**You are only required to report for Kindergarten, Seventh Grade & Twelfth Grade students. If you do not have any children in these grades, please enter '0'(zero) for ALL questions on the pages that DO NOT apply to your school.**

**Nurses responsible for multiple schools or school districts must enter each school site separately.**

**Pre-K is not considered Kindergarten.**

**There is a comment box included for each grade surveyed. Please include any additional information or comments you feel may be pertinent.**

**For questions or more information contact the Maine Immunization Program at [ImmunizeME.DHHS@Maine.gov](mailto:ImmunizeME.DHHS@Maine.gov) or 207-287-3746.**

## 2020-2021 Maine School Age Immunization Assessment Survey

### REGISTRATION

\* 1. School Name

\* 2. County

\* 3. Type of school

Public

Private

\* 4. Preparer Information:

Name:

Email Address:

Phone Number:

School Address:

## KINDERGARTEN

\* 5. Total number of kindergarten students enrolled:

\* 6. From the total in Question 5, enter the total number of kindergarten students with exemptions on file: *(count each student only once)*

\* 7. Total number of kindergarten students with vaccine exemptions for any of the following reasons:

*If a student has multiple vaccine exemptions, please only count them once for each category. (Ex. If a student has a medical exemption for MMR and philosophical exemptions for both DTaP and Varicella, please count them ONCE in both the medical and philosophical categories).*

a. Medical Exemptions (must have a signed physician's statement of medical exemption on file, a parent/guardian note is NOT considered a medical exemption)

b. Religious Exemptions (must have a parent/guardian statement of sincere religious objection on file)

c. Philosophical Exemptions (must have a parent/guardian statement of philosophical objection on file)

\* 8. DTaP (Diphtheria, Tetanus, Pertussis)

From the total in question 5, enter the total number of kindergarten students for each category:  
*The sum of options "a" through "c" must equal total in question 5.*

a. Exemption for DTaP/DTP (medical, religious or philosophical note on file)

b. 5 or more doses of DTaP/DTP (Note: Only 4 doses are required if the fourth dose was administered on or after the fourth birthday)

c. Missing Records (ALL children must have complete records or they are unable to attend school in Maine)

\* 9. IPV/OPV (Polio)

From the total in question 5, enter the total number of kindergarten students for each category:  
*The sum of options "a" through "c" must equal total in question 5.*

a. Exemption for IPV/OPV (medical, religious or philosophical note on file)

b. 4 or more doses of IPV/OPV (Note: Only 3 doses are required if the third dose was given on or after the fourth birthday)

c. Missing Records (ALL children must have complete records or they are unable to attend school in Maine)

\* 10. Varicella (Chicken Pox)

From the total in question 5, enter the total number of kindergarten students for each category:  
*The sum of options "a" through "d" must equal total in question 5.*

a. Exemption for Varicella (medical, religious or philosophical note on file)

b. 1 or more doses of Varicella

c. History of Varicella (only include students with a history who did NOT receive at least 1 dose of vaccine)

d. Missing Records (ALL children must have complete records or they are unable to attend school in Maine)

\* 11. MMR (Measles, Mumps, Rubella)

From the total in question 5, enter the total number of kindergarten students for each category:  
*The sum of options "a" through "c" must equal total in question 5.*

a. Exemption for MMR (medical, religious or philosophical note on file)

b. 2 or more doses of MMR

c. Missing Records (ALL children must have complete records or they are unable to attend school in Maine)

SEVENTH GRADE

\* 12. Total number of seventh students enrolled:

\* 13. Total number of seventh grade students with vaccine exemptions for Tdap or meningococcal conjugate vaccine (MCV4) ONLY for any of the following reasons:

*If a student has multiple vaccine exemptions, please only count them once for each category. (Ex. If a student has a medical exemption for Tdap and a philosophical exemption for MCV4, please count them ONCE in both the medical and philosophical categories. If a student has a philosophical exemption for both Tdap and MCV4 only count them ONCE in the philosophical category.)*

a. Medical Exemptions (must have a signed physician's statement of medical exemption on file, a parent/guardian note is NOT considered a medical exemption)

b. Religious Exemptions (must have a parent/guardian statement of sincere religious objection on file)

c. Philosophical Exemptions (must have a parent/guardian statement of philosophical objection on file)

\* 14. Tdap (Tetanus, Diphtheria, Pertussis)

From the total in question 12, enter the total number of seventh grade students for each category:

*The sum of options "a" through "c" must equal total in question 12.*

a. Exemption for Tdap (medical, religious or philosophical note on file)

b. 1 or more doses of Tdap

c. Missing Records (ALL children must have complete records or they are unable to attend school in Maine)

\* 15. Meningococcal Conjugate Vaccine (MCV4)

From the total in question 12, enter the total number of seventh grade students for each category:

*The sum of options "a" through "c" must equal total in question 12.*

a. Exemption for MCV4 (medical, religious or philosophical note on file)

b. 1 or more doses of MCV4

c. Missing Records (ALL children must have complete records or they are unable to attend school in Maine)

## 2020-2021 Maine School Age Immunization Assessment Survey

### TWELFTH GRADE

\* 16. Total number of twelfth grade students enrolled:

\* 17. Total number of twelfth grade students with vaccine exemptions for meningococcal conjugate vaccine (MCV4) ONLY for any of the following reasons:

a. Medical Exemptions (must have a signed physician's statement of medical exemption on file, a parent/guardian note is NOT considered a medical exemption)

b. Religious Exemptions (must have a parent/guardian statement of sincere religious objection on file)

c. Philosophical Exemptions (must have a parent/guardian statement of philosophical objection on file)

\* 18. Meningococcal Conjugate Vaccine (MCV4)

From the total in question 16, enter the total number of twelfth grade students for each category:

*The sum of options "a" through "c" must equal total in question 16.*

a. Exemption for MCV4 (medical, religious or philosophical note on file)

b. 2 or more doses of MCV4 (Note: if the first dose of MCV4 was given after age 16, only 1 dose is required. These students should be counted in this category as up-to-date)

c. Missing Records (ALL children must have complete records or they are unable to attend school in Maine)
