Please completely describe the basis for the SAU's one-year waiver request and further describe how the SAU is meeting the needs of the gifted and talented population in your district (Use as much space as necessary):

The Brooklin School is tiny and struggles with declining enrollment. We have encountered difficulty securing a certified gifted and talented teacher. We are fortunate to have tremendous community support as well as vibrant performing and visual arts community

The students at the middle school are able to access math, language and other more challenging courses on line as the need arises.
