Please completely describe the basis for the SAU's one-year waiver request and further describe how the SAU is meeting the needs of the gifted and talented population in your district (Use as much space as necessary):

As a small K-5 island school with less than 30 students, we have a limited budget, space and personnel to offer a full GT program. We have two teachers, one for K-2 and the other for 3-5, and they supplement all of their students' curriculum needs with programming to expand and extend each student's individual academics. For the most part, our students do very well academically and we are meeting the school needs of our children, especially those who are working beyond their academic grade levels.
