Can we share student eligibility information with someone who asks?

No. Individual student free and reduced-price meal eligibility is confidential and may only be disclosed to individuals or agencies specifically authorized under federal law ([Eligibility Manual](#)). However, if the parent/legal guardian provides written consent authorizing the release of their child's eligibility information to a specific person or organization, then the information may be shared as authorized.

Pledge to Maine Harvest of the Month for SY 27!

Now is the time to pledge to participate in Maine's Harvest of the Month during the 2026–27 school year!

This year, participating schools will receive **one annual mailing** containing posters and toolkits for every Harvest of the Month. Having all materials at once will make it easier to plan menus ahead, mix and match featured months, and celebrate local foods throughout the school year.

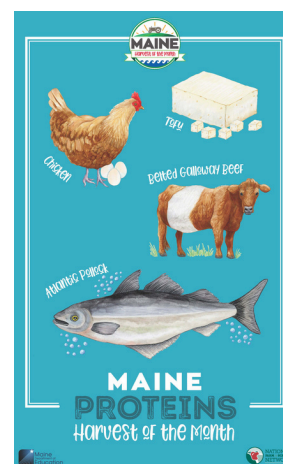

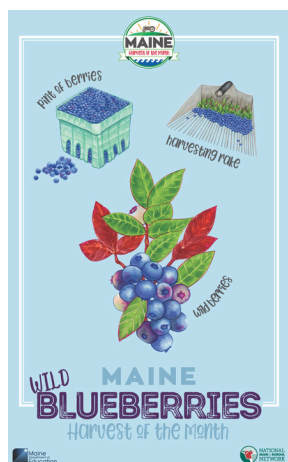

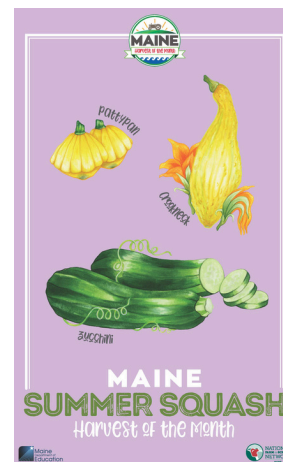

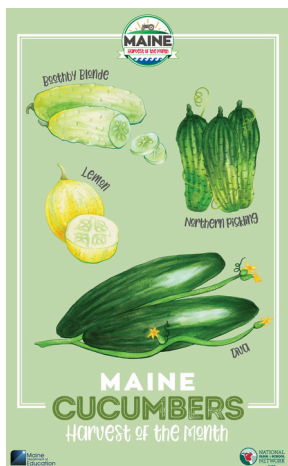

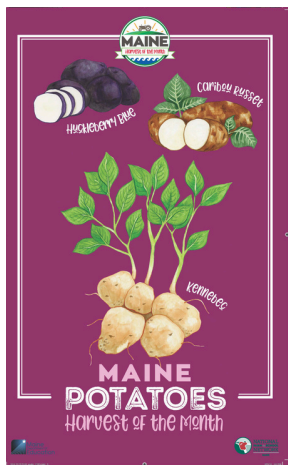

The annual mailing will also include exciting new resources:

- NEW all-season Harvest of the Month stickers that can be used interchangeably throughout the year, helping reduce waste.
- NEW Harvest of the Month recipe book with recipes for every featured product, including our new bonus Seafood Month.
- NEW Bonus Seafood Month materials, including posters, source cards, recipes, and other resources that can be used during any month or alongside Protein Month.

Already have the posters you need? Please pledge anyway! You can indicate on the pledge form whether you'd like to receive a mailing or not. Your pledge helps us document participation and demonstrate the continued value of the program.
