

CONCEPTUAL RELATIONSHIP QUESTIONS

For each question, write a concept in the blank.

1. What is the relationship between _____ and _____?
2. How does _____ impact/affect/influence _____?
3. What effect do _____ and _____ have on _____?
4. How do the forces of _____ and _____ interact?
5. What is the role/purpose of _____ in _____?

For scaffolding and early elementary:

6. What is the difference between _____ and _____?
7. What happens when _____ interacts with _____?
8. Why does _____ make _____ (do whatever it does)?

Pattern	Precision	Generalization	Representation
Properties	Sensemaking	Critique	Estimation
Number sense	Variable	Number systems	Prediction
Equivalence	Manipulation	Models	Inverse
Shape	Measurement	Scale	Probability
Proportion	Operations	Translation	Dimension

Depth	Space	Function	Ratio
Derivative	Integer	Rate of change	Factor
Group Theory
