

HCA - Change Your World!
Harpswell Coastal Academy
Contact: Scott Barksdale, Head of School

Overview:

HCA's pilot, the Community-Based Learning Program, continues our commitment to anchoring student learning in real-world experiences and academic rigor. The program will connect many of our 70 juniors and seniors with internships, service learning, and work/study opportunities in their local communities. Some of the intended outcomes of this program are resilient post-secondary plans for students, and strong and productive connections to local communities for graduates. Our Community-Based Learning Program supports HCA's mission of creating life-long learners who are creative thinkers, compassionate leaders and effective problem solvers. With campuses in Brunswick and Harpswell, HCA is a public charter school serving students in grades 5 - 12 and has a focus on social change, entrepreneurship and the environment.
