**Please completely describe the basis for the SAU's one-year waiver request and further describe how the SAU is meeting the needs of the gifted and talented population in your district (Use as much space as necessary):**

Isle au Haut is a unique one room school house with low enrollment of only six students ranging in grades K-6<sup>th</sup> grade. As a tiny school, with limited students there is no gifted and talented program offered. The school employs a full time Educational Technician as well as a fully certified Elementary Education teacher to support the needs of each student. The school is also an active member of the Outer Island Teaching and Learning Collaborative which provides services to a number of outer island communities through the use of interactive technology and fully funded field trips, which support deeper learning and understanding.
