Extended Liquidation Period

The U.S. Dept. of Education is developing guidance for grantees seeking approval for liquidation period extensions (also known as late liquidations) for CARES Act funds (ESSER I, GEER I), which expire September 30, 2022. Timely and properly obligated funds may be eligible for liquidation period extensions. Only prime grantees (SEAs, Governors) may apply on behalf of themselves and their sub-grantees (i.e. SAUs). Liquidation period extensions cannot be applied for in advance. That is, grantees cannot apply for liquidation period extensions before the funds expire. The extended liquidation period guidance and application will be released late summer.

Summer Alternative Work Schedule

Please note that several OFERP team members will be participating in Summer Alternate work schedule and will be out of the office on Fridays starting June 17 through September 2, 2022 and working extended hours Monday through Thursday.

While we continue to offer support and programming throughout the summer, this coincides traditionally with changes in work plans and educator availability when schools are not in session.

SPOTLIGHT ON OFERP TEAM MEMBER

DEANNA ROBERGE

- **What is my role at Maine DOE/OFERP?** I am very new to the Dept of Education and for now my role is reviewing and processing invoices for ESSER 1 and 2.

- **What I like to do in my off time?** Spend as much time as possible with my family, especially my grandson. I also love to garden and do some crafts.

- **What is something I did that I never thought I would do?** After being out of school for close to 40+ years I decided to go back to school and get my degree. So, while working 40+ hours a week I did my schooling on line which was very challenging. But I stuck with it and got my degree.
