**School/District Name: North Haven Community School, MSAD 7**  
**Contact: Shaun Johnson, PhD, Principal, North Haven Community School**

**Overview:**

North Haven Community School will partner with our town administration to support their efforts of economic diversification and workforce development, chiefly in response to the impending impacts of climate change and sea level rise on the long-term viability of the fishing and lobstering industry. In coordination with the community, North Haven Community School will develop programming to support lifelong learning outcomes for both K-12 and adult learners, housed in our auxiliary classroom space dubbed the “Projects Building.”
