

**Maine Learning Results Taskforce  
Meeting 3: Surfacing Shared Learning**

**February 11, 2026; 3:00–5:00 PM**

**Facilitator:** Beth Lambert, Chief Teaching & Learning Officer

**Partner:** Northeast Comprehensive Center (NECC)

**Meeting Outcomes**

- Surface shared learning emerging from prior Taskforce meetings and interim standard annotation work.
- Identify recurring patterns in existing standards that support or constrain deep, equitable learning.
- Name persistent tensions within standards design (for example clarity and flexibility, coherence and responsiveness, accountability and meaningful learning).
- Develop shared language describing what should always and never be true of standards designed for deep learning.
- Begin translating collective learning into design considerations that will inform future recommendations for Maine’s Learning Results.
