Based on the tools we have determined that one student will take an advanced placement math class at Lincoln Academy during the 18-19 school year. The Arts program determination was made through antidotal records, formative and summative assessments based on the AOS 93 Arts standards.

(c.) Include how program effectiveness was determined, whether or not there has been a change in the program. Placement in individualized or small group instructional setting or specialized instruction is based on the results of the screening and selection meeting. In addition we review the data from the NWEA scores and identify the top 3-5% of students based on this assessment. We take this cohort to the grade level PLC and strategize approach to meet their unique needs. This list of students and services is also given to the superintendent.
