

SAT<sup>®</sup> SCHOOL DAY

# Student Answer Sheet Instructions

This guide will help you fill out your SAT<sup>®</sup> School Day answer sheet—including where to send your four free score reports. Be sure to record your answers to the questions on the answer sheet. Answers that are marked in this booklet will not be counted.

If your school has placed a personalized label on your answer sheet, some of your information may have already been provided. You may not need to answer every question. Your instructor will read aloud and direct you to fill out the appropriate questions.

## How Answering These Questions Helps You

Opting in to Student Search Service<sup>®</sup> (marking “Yes” in Field 15) and answering Questions 16–19 and 22–38 helps you connect with educational and financial aid opportunities. Through Student Search Service, eligible colleges and universities and scholarship and other educational programs can request information that you have provided on your answer sheet, but they won’t receive your actual test scores or phone number.

You don’t have to respond, but we recommend that you answer all these questions, because your answers:

- Guide your counselors and college admission officers in helping you plan your future.
- Help the College Board ensure that the SAT is fair and accurate for all students.
- Provide information to eligible colleges and universities to create a picture of the academic preparation, extra- and cocurricular involvement, and post-high-school plans of your graduating class.

## Confidentiality

Your high school, school district, and state may receive your responses to some of the questions. Institutions that receive your SAT information are required to keep it confidential and to follow College Board guidelines for using information.
