Please completely describe the basis for the SAU's one-year waiver request and further describe how the SAU is meeting the needs of the gifted and talented population in your district (Use as much space as necessary):

Sedgwick's tax base is not as high as other Hancock County districts. This makes it difficult for us to fund all programming needs. Last year we established a one-day-a-week position for the purpose of assessing and assisting the needs of our population for gifted and talented services which cannot be supported in our small class sizes. Those assessments and referrals are underway.
