"...the regional support and service hubs must be aligned with the 9 superintendent regions established by the statewide association of superintendents."

Child Development Services Realignment

Realignment of sites and staff occurred 8/11/2025.

Along with realigning the sites regions, we shifted positions between sites to:

- Address systemic shortages of staff
- Ensure that sites have capacity to fulfill the obligation of FAPE
- Serve in a service and support hub role

Service and Support Hubs

- MOU Meetings are being held with all Cohort schools
- Part of this work includes identifying what specific services CDS can provide (based on the site's capacity) to support the Cohort SAU's offer of FAPE
 - Case management
 - Child Find
 - Specially Designed Instruction
 - Evaluations
- If the school year begins and there are identified areas that need to be addressed, CDS is ready and willing to add supports to the MOU as needed.

Billing/Rate Sheet

- CDS has created an invoice which will be generating and sending on a **monthly** basis.
- For direct services (speech, adult support, SDI, etc.) CDS will be tracking these services in CINC and will provide a report along with the invoice for verification purposes.
- These invoices will be generated in our finance department, verified at the site level for accuracy, and sent to Cohort SAUs for processing and payment.
